

Awards to 100 Halton 4-H members

It was "awards night" for 100 members of Halton's 4-H agricultural clubs on Friday when recipients and donors gathered in St. Paul's United Church in Milton for the annual ceremony that signals the end of another successful year of 4-H work.

This past year 100 members enrolled in 148 projects. They completed 138 of them for a 93.2 per cent completion. There were 28 first year members receiving awards, 17 second year members, 18 with up to five projects completed, 17 with six to 11 projects finished, nine with 12 to 17 projects and four senior members with 18 or more 4-H projects completed.

Top member
Outstanding 4-H club member in Halton for 1970 was Keith Aitken, who received the J. E. Whitelock trophy. The Halton Hog Producers trophy for the most outstanding 4-Her with under 12 projects completed went to Bill Stokes, while Marianne Lepa won the Claude Baine trophy as the outstanding first year 4-H member.

Premier 4-H club of the year was the Acton 4-H Field Crop Club. Mary Anderson won the secretary of the year award. In their opening remarks agricultural representative Henry J. Stanley and his assistant Hugh Cook congratulated all 4-H members and thanked the leaders for donating their time and assistance to the program. The Kiwanis Club of the Kingsway was also thanked for providing a bus trip to Toronto for a visit to the Science Centre, and for sponsoring the special project awards and scholarships.

We've done our thing. Now you can do yours.

Our thing has always been to make the Bug solid, dependable and practical.

But lately, some people have been taking our thing, and doing their own. (Like adding cute flowers and kinky paint jobs.)

Frankly, we're delighted. And what's more, we'd like to

offer a few suggestions: like snazzy mag wheels, chrome stoneguards, driving lights, or our racy racing stripes. (You can get them at any VW dealer's.)

The beauty of it all is, that now you can take an old Beetle and put it back in the groove, and do some far out

things to a new one.

We've always built the Volkswagen tough enough to survive anything anybody or any place could dish out.

Now it looks like it will even survive a whole new generation.
