

Rigo defends his position

A letter to Milton Council this week from Alfred Rigo, a member of Milton Planning Board and one of the landowners involved in a zoning change from low to medium density on Bronte St., countermanded statements made at the last Milton Planning Board hearing and reported in last week's Champion.

Mr. Rigo explained all his dealings with the town council and planning board over the Bronte St. land have been in the open and reported in the press. He also reviewed his involvement with the site since early 1969.

Filed first

At the last meeting of Planning Board, chairman Norman Pearce had suggested Mr. Rigo and Councillor William Woods should have resigned their posts on the board and council before pressing to have their lands rezoned. Mr. Rigo pointed out in his letter the application for rezoning was filed long before he became a member of the planning board.

Council took no action on the letter. Councillor Charles Fay said it appeared Mr. Rigo was only trying to verify his position to the council. Council will discuss the rezoning with members of the Planning Board at a meeting scheduled for March 10. While the board opposed the rezoning, council has approved it.
