PUPPETS FROM STORYBOOK NOVELS studied by this grade five class at W. I. Dick school, were made by students last week. Pupils of Mrs. K. Erskine's class, the students picked their favorite character from the novel and made a

replica of the character in the form of a puppet. Shown with their puppets are Kevin Smith, Ken Syer, Mary-Anne Farley, Jane Brush, Wendy McMurray, Judith MacDougall and Alexandra Ellwood.—(Staff Photo)

### Treat juniors to "Gypsy" preview

A sneak preview of "The White Gypsy", this year's operetta being presented by pupils at Martin St. School, was shown to grade four and five students of the three junior schools on Monday. The junior classes sat as an audience while students practised the play.

Second term report cards made their way home to parents on Friday. Principals are generally "quite pleased" with progress the students are making.

The kindergarten class of W. I. Dick school visited Loblaw's food store at the plaza last week. Store manager Ron McEachern gave the youngsters a tour through the

various departments of the store, including the meat cutting and vegetable wrapping areas.

**Aid Red Cross**  
Students at the school collected \$80.76 for the Red Cross Fund. March is Red Cross month. Grade five students made cardboard puppets this week and

staged their own puppet show. The puppets were made and fashioned after characters the group had read about in literature periods.

Three student teachers visited J. M. Denyes School. The Home and School

Association held their regular meeting on Monday evening. Teachers provided the program for the meeting, which included five teacher workshops. Special guest for the evening was Sgt. Bill Patterson of Milton Police Force.

Mid-term break (holidays) begin on Monday.

## White Oaks

### Plan marathon, dances

By Pat Ford  
With the pre-holiday slowdown

upon us, the organizations within White Oaks are looking ahead to their spring activities.

Student Council is sending us into the winter break with a dance featuring Rhinoceros. It is another joint effort with Blakelock and should draw students from all over since this is the band's first engagement in this area after a long tour. The date is March 19 and the price is \$2 per person.

Student Council is also investigating a repeat of last year's basketball marathon during the holidays. Student councils never get so rich that they couldn't use a little more money, and besides that, it'll keep all of us who aren't going south off the streets. Also coming up is a planning meeting for the formal. It will be a three-school affair once again, held at White Oaks, and ideas for a theme, decorations and a group are welcome.

**Prep for tourneys**  
Down in the gym these days the badminton players and our agile gymnasts are getting ready for

tournaments to be held after we return from the holidays. Word is out that we will be having the boys' gymnastics at WOSS. (Eat your heart out, D. J.)

The senior band is going on tour again, this time to Streetsville on the last day of school. It may be our last public appearance before we go to New York. The communications between Seaford, Long Island and Oakville are getting fast and furious as we set up for our most ambitious exchange yet. We will visit first, from April 29 to May 2, and Seaford will see the high points of Oakville and Toronto two weeks later.

And now that the receipts from the King and I have been counted (\$1,200 with \$300 in expenses), all the white Oakers with show business in their blood are planning Variety Night. A number of prospective acts have offered themselves, and now the producers are considering a format for the evening.

### Conservation award won by Aldershot H.S.

A group of four students from Aldershot High School in Burlington, were winners of a \$50 Canadian National Sportsmen's Show Conservation Award, open to any student or group of students in Ontario. The Aldershot team competed against 10 other high schools in the Halton Region Conservation Authority's watershed area.

Jim Sanders, Betty Roland, Terry Wright and Jean Meakins will receive the prize. Jim Sanders will represent the group at the presentation of awards to be held Saturday, March 20 at 2:30 p.m. in the Directors' Lounge at the Sportsmen's Show.

project, called micro conservation, dealt with the study of ecological aspects of conservation. A small stream community was studied in detail to determine the relationships between plant and animal life and soil, temperature and light conditions.

The conservation prizes are designed to encourage interest in conservation projects and activities by Ontario secondary school students.

This is the first year such an award has been made by the CNSS. Last year Bente Larsen, a grade 11 student at Acton District High School was presented with an award by the CNSS which sparked the yearly contest offered.

### Hockey stars Halton champs

By Donna-Jane Byers  
Wowee!! My Dad really zapped out after last week's hassle with the assistants! Sorry about that Dad old pal, I meant to warn them you were coming. They tend to take advantage of a newcomer. As a result, Saucy Sally is on her way to Siberia — aboard an ice-freighter to "cool off!"

Here we are with the number one highlights of the sport and social world. Our super-duper hockey team soared past Milton and emerged Halton County champions. Brook Murray and Jim Wyatt popped in the goals to

lead our skating stars to a final 2-1 decision. From there we advanced to the two-game total point finals with Southmount of Hamilton. The first game, played in Hamilton drew a pittering Robinson crowd who saw our Raiders go down 0-6. The next game however is being played Tuesday at Central. The Robinson Raiders have gotten a name for being a rough and tumble team, and I know we'll come through with a sweep victory.

Tabs from the Ontario Wrestling Meet held last Saturday are in. Mark Ribbins

(Pat?) won one match and placed well among the biggies. Bill Everett won five and lost one to earn a third place finish overall. A fine year for Smiley Smashers!

**Grub day**  
Rodney strikes again! I've got to hand it to those grade nines, they are ready to go all out in support of school spirit. (Who's the dapper little fellow in the red tights? What a honey? Yours, Alice?)

The Brass Union was fantastic! The eight member band drew what looked to be a record crowd for a Robinson Dance. The kids

really appreciate their great talent. Robinson's camera club manned the teachers' staff room ready to snap you and yours for a 50 cent black and white or 75 cent color print.

**HANGIN' LOOSE**  
1. March Break? Oh Boy, Robinson is ready for a long one!!  
2. Spring volleyball league vaulted into action this week. Now it's your turn. Spring? What's with all this snow?  
3. You're right Pat. He is a goodie! Hmmm, hockey players, huh?

## Milton District High School

### "Subway" sings like Elvis

By John F. McIlwraith, Jr.  
Last Friday Subway Elvis arrived at Milton with the Band "Memphis". As usual there was the regular crowd lining at the doors for tickets. Subway Elvis, a take-off of Elvis Presley, sings, acts, and from a distance, even looks like Elvis Presley!

The atmosphere is a little tense, due to the releasing of report cards this Friday but on the other hand, they are looking forward to the week's holidays, commencing Monday.

Speaking of holidays, several voyagers from Milton High left Milton on Thursday for a Mediterranean Cruise. Leaving Toronto International Airport at 5 p.m. they were due to arrive at Leonardo De Vinci Airport eight hours later. "Wild" Billy sure will miss his English teacher, who was among the other teachers accompanying the students.

**Hockey standings**  
On special request from lovely Lynn Watkins one of our most "devoted" fans, I now report the team standings for M.D.H.S. hockey prior to the battle vs. M.M.R.

They were as follows:  
Mike Frame 34 pts.  
Pete McCuaig 20 pts.  
Danny Evans 24 pts.  
Donny Chuchmach 21 pts.  
John Sproat 19 pts.  
Bob McKee 15 pts.  
Jim Marshall 9 pts.

They were followed in order by Bob McGee, "Nitro" Nick Fetter, John Wheelahan, Randy Hannon, Bill Kervin and goaltenders Paul Parrott and Rick Figg all contributed to a highly successful season.

A band from John Carroll University, Cleveland, Ohio entertained students last Thursday with many choice

numbers. M.D.H.S. has seen a lot in the way of touring bands this year and hopefully there will be many more.

Betty Hamilton placed fifth in the "Miss Golden Horseshoe" contest held last Tuesday. Congratulations, Betty.

**NOTICE**  
The Grade 12's are having a "fashion show" this Wednesday (THAT'S TONITE) at M.D.H.S., sponsored by the local merchants, and all the latest fashions for spring and summer will be modelled. Y'ALL COME, NOW!!

The Band "Rhinoceros" is coming to Milton on April 8th plus the ever popular "Helix" (WOW!) with vocalist "Bean Ball" Beeny.

**OFFBEAT—"Nitro"** Nick requested a special report on Big "Ed's" party Saturday night. It was a real "Smash".
