

Okay survey senior home

Ontario Housing Corporation has agreed to the town's request to carry out another survey of senior citizen housing needs in Milton.

Such a survey would be taken in a few months, OHC survey manager Peter Lepik informed council this week. Council asked for a new survey as the recently opened 36-unit senior citizens apartment building on Ontario St. is full and there is a long waiting list of persons looking for that type of accommodation.

The administration office at the town hall would be responsible for publicizing the survey and mailing out survey forms to all households in town where senior citizens live.

Almost 30 snub refund on licences

Close to 30 fishermen have surrendered their useless 1971 angling licences and sent them to the Ontario Government asking the money be turned over to the Department of Lands and Forests.

Paul Coulson, a member of the Halton Sportsmen's Association, organized the campaign to keep the fee for licences in operation. He and his association feel the money was needed by the department and was doing a good job.

No reply has been received to a letter sent asking that fishing licences be continued. The letter was sent to Premier William Davis.
