Ask reduced speed limit install warning signs

Residents of the area of Esquising between the First Line and the Esquising-Nassagaweya town line near 17 Sideroad are asking Esquising Council to make application to the Department of Transportation and Communication to have the speed limit on the three roads reduced to at least 40 m.p.h. and

preferably 30 m.p.h. Edith Hilfman, whose Pine Creek Farm home is situated in a vale on 17 Sideroad between the First Line and the Town Line, presented council with a petition signed by 38 persons.

would warn motorists of a hidden entrance, when they are approaching her home. The driveway cannot be seen except from the tops of the two hills that descend sharply into the vale.

Hills dangerous "The whole area is bad," Mrs. Hilfman told council. "There are so many hills on these roads, their four wheels literally leave the ground, I've seen it with my own eyes. If it's just been graded, there's almost no way they can stop on these roads," she continued.

An Acton youth, 19-year-old Joe Tarr, was killed Saturday, when the car he was driving went off the town line, just north of 17 Sideroad. Councillor Len Coxie chairing the meeting in the absence of Reeve Tom Hill and Deputy-reeve Russell Miller, said he was very sympathetic to the problem, but doubted whether council would have any influence in having the speed limit reduced in an area that is not built up.

However, Coxie promised the petition will be considered at council's next committee meeting. "I would certainly recommend some improvements be made," he said. Councillor Dick Howitt reminded Mrs. Hilfman Councillor Coxie had run into the same problem in attempting to have the speed limit reduced near his home in Ashgrove.

"There has to be so many houses within a certain number of feet," he explained. Speed limit on township roads
