had to travel the route regularly to move the walkers along."

Girls, as well as MMHA boys, walked the route. First back to the checkpoint were Jim McKerr and Brian Wilson. The boys ran most of the 20 mile trek.

Sponsor sheets ranged anywhere from 10 cents per mile to \$4.15 a mile and the top boy sponsored was Edward Gaeton at the \$4.15 per mile total. He completed 12 miles of the route.

Dave Brush, chairman of Milton Community Service Clubs organization which is conducting the fund-raising campaign for the new arena, praised all the walkers and those who organized the big walk. "For that type of a day, it was a very good turnout," he said.

Mr. Brush said he heard about one mother who didn't think her young son would get very far, so she agreed to sponsor him for \$1 a mile. She was pretty surprised when he completed the 20-mile route and she had to contribute \$20 toward the campaign. But she told Mr. Brush "it's for a worthwhile cause and I don't mind at all."

Snow . . .

gun and the victory party was underway at Hays' Sales Arena in Oakville long before either Blake or Gelok formally admitted defeat. It was a few minutes after 9 o'clock when Blake walked down the street to concede the race at Snow's headquarters — but Snow wasn't there yet. Gelok visited briefly with the winner just after 10 p.m. to offer his congratulations.

Later, Blake admitted the two-block walk from his headquarters to Snow's was the "hardest walk I'll ever have to make."
The Snow victory party broke up around midnight but most of the crowd left earlier around 11 p.m., when cattleman Tom Hays shut off the bar in his sales barn on Highway 5. An estimated 600 crowded into the room and cleaned out the bar, the coffee pot and the sandwich platters.

1967 was close
In the last election in Halton East — the first since the county-wide riding was split into Halton East and Halton West — Snow ended up with a 164-vote lead over Liberal candidate Robin Skuce. Snow's total was 9,867 votes while Skuce had 9,703 and the third candidate Bill Gillies of the NDP had 6,359. Just 26,000 of an eligible 40,000 voted in October of 1967.

The NDP made a strong showing that year, winning 25 of the 165 polls in the riding. Snow had won seven of Esquesing's 10 polls, Skuce won 10 of Milton's 17 and 13 of Georgetown's 25 polls, while Gillies won seven in Georgetown.
Skuce handily won in Milton, collecting 1,007 votes to Snow's 973 and Gillies' 562. In 1967 just 2,542 cast ballots in Milton — this year saw 3,426 take time to vote.

Small crowd at bingo

Attendance was disappointing when Milton Community Service Clubs held its first bingo of the winter season Thursday evening at the high school. The fact the provincial election was held that day might have had something to do with the fact only 101 persons attended.
The bingo will run every Thursday until spring, except for a couple of weeks around Christmas when it will be postponed. Organizers offer a \$500 jackpot for a full card in 50 numbers, which will increase by \$50 and one number each week. It wasn't claimed Thursday so it goes to \$550 and 51 numbers this Thursday. In addition there are \$750 in other prizes distributed each evening.

New rates for Christmas mail

Rates for Christmas mail to North America and foreign countries have been altered this year and Milton Post Office officials ask local residents to keep the new rates in mind when getting their yule greeting cards ready for mailing.

Christmas cards in unsealed envelopes for delivery within Canada and the United States may be mailed for six cents.

Airmail rates for sealed cards are seven cents in Canada, 10 cents to U.S. points. Deadline for mailing cards for local delivery is Dec. 17; for out-of-town Canadian points Dec. 13 and for far-distant North American points Dec. 8.

Unsealed cards for overseas delivery may be sent by surface mail for eight cents, or by air mail for 12 cents. Mail in the surface class will travel by air

when space is available, it was pointed out. Deadline for most overseas air mail is Dec. 9 — for Great Britain it is Dec. 14.

A study of 400,000 cars by Nationwide Insurance, showed that "super-powered" cars in the U.S. produced 56 per cent more losses than those with standard power.
