Florence won 2 for 24, Roy 5 for 20, Jean 3 for 24, Harold 4 for 30, Nip 5 for 21, Colleen 2 for 27.

# Name group on abortions

A special committee to handle abortions will soon be appointed by the medical advisory committee of Milton District Hospital.

At Wednesday's meeting of the hospital board, surgeon Dr. W. S. Legate reported the committee will prepare the necessary regulations and set up an abortion procedure for the hospital. Area hospitals are experiencing heavy workloads and may not be able to handle local abortion cases much longer, he indicated.

It will take six months to a year to launch a system for handling abortions, it was noted. Several approvals have to be obtained and permission must be granted by the local hospital's annual meeting.

# BOWLING

**COMMERCIAL**

## Game & Fish News

by arn coulson

With a large percentage of moose hunters back from their annual hunt, some have had good luck, some not so good, but like most outdoorsmen all report a good trip, clean fun, fresh air and relaxation, something very rare in these hurry, hurry days we live in now.

Jim Coulson of Lowville hunted for three days at Fox Lake Lodge and managed to put a couple of moose on the run but failed to shoot one. Anyway, Jim was rewarded for his long walks by some nice roasts sent to him by his dad. The day Jim left to come home, Jack Davies of Cedar Springs Road, shot a beautiful large bull moose. Norm Richardson and friends from the Appleby Gun Club managed to bring home three moose. Russell and Art Robertson of Kilbride were unable to get a moose on their recent trip to Elk Lake.

**Ducks still here**

Because of the mild weather, ducks are still to be found in this area, and local hunters are managing to get their share. Cliff Barnes of Appleby Line just returned from Eastern Ontario with a full count of ducks.

Some beautiful flocks of wild geese are still feeding on the fields of harvested corn. May we suggest that as hunters and sportsmen, we leave these birds alone, for a season or two at least. Then maybe we will have some nice flocks in Halton for a few years. This scheme is working in Waterloo. Let's give it a try here.

It is a beautiful sight to see 25 or 30 geese circling around and around, looking for a safe place to land and feed. Geese are ever alert for danger. Make no mistake, a goose is one of the smartest birds that fly.

**Euchre**

A very successful euchre party was held at the club house Saturday night. There was a good turnout, with members of other clubs attending. This is an enjoyable way to spend a fall evening and we understand there were some good, friendly challenges made.

**Plan trip**

George Brechon and Bob Black and the usual gang from around Bronte are going on their annual deer hunting trip next week. The gang usually has good success, obtaining their count the last few years in a row. Congratulations also to George Brechon for winning high gun in a recent registered trap shoot.

If you're going north for deer hunting, don't forget to take your shotgun for partridge. A .410 does the job first time. These birds seem to be at the top of a cycle and are very plentiful this year. The partridge makes for good eating, and combined with a snowshoe rabbit and some vegetables makes a very tasty stew.

**Good supply**

The prospects for cottontail rabbits are good again this year. The European hare or "jackrabbit" as we know him in Southern Ontario, is in fair to good supply.

There are more than a million hunters in Canada who spend a hundred million dollars annually pursuing their sport. Some of them do not always understand or appreciate the restrictions imposed by biologists who have studied the animals' ecological requirements. The sport can be a normal and legitimate exploitation of a natural resource. But it has to be regulated to exclude people who are wantonly destructive.

Wildlife cannot continue to survive our way of living unless we set aside adequate living space for it. When there is a plan to build a road or pipeline, a thought should be given to wildlife and the thoughtless destruction of their natural habitat. We are afraid if it wasn't for the Department of Lands and Forests, The Ontario Federation of Anglers and Hunters and The Canadian Wildlife Society, we would soon ruin it for our birds and small wildlife. So next time you start to completely clean out a fence row, ask yourself: "Can we not leave a few trees and bushes for our birds and rabbits?"

# Martin St. co-winner in cross country race

Martin St. School cross country team, which ran first in the North Halton match, was named co-winner of the Halton County race at Fairview School Wednesday.

According to the official results Martin St. ran second, five points behind Pineland School. However a peculiar situation occurred when a Pineland runner ran off course and then finished first. Rules called for disqualification but after consideration of the course and circumstances, the runner was bumped from first place and the Martin St. runner won first spot in the race.

**Would have been 1st**

Had that Pineland runner been disqualified, Martin St. would have been first. But the points awarded to the out of bounds runner were just enough to keep his team in first place. In view of the situation Martin St. and Pineland were named co-winners.

Martin St. only had one first place runner but all of their runners managed to stay in the top of the pack. Twenty three schools represented by 350 students ran in the race.

The following are the top six teams in the overall competition. The school with the lowest number received the highest rating. Pineland finished with 129, Martin St. 134, Stewarttown 143; Fairview 147; Tecumseh 154; and Maplehurst 162.

**Three 1sts**

Fairview finished first in three events. The events were broken into senior, intermediate and junior boys and junior, intermediate and senior girls.

Sari-Anne Beyer and Jane Beyer both of Fairview won the intermediate and junior girls' title while Ernie King won the junior boys for Fairview.

L. Cameron of Martin St. ran second in the junior girls division.

# Bantams win two

Delnin Bros. Minor B Bantams scored a pair of wins this week defeating Hespeler 3-1 and Georgetown 5-0. Milton trailed Hespeler 1-0 until late in the third period when Milton scored three quick goals to run away with the game.

Len Brown, Steve Hannon and Doug Strath scored and Todd Corradetti picked up two assists on the three goals.

**Score twice**

Hannon scored twice Sunday against Georgetown while Strath, Roger Delnin and Corradetti singled. Perry Caputo assisted twice and George Trencs once.

Manager Al Strath said the club looked good but still lacked experience. Doug Strath was cut for 20 stitches in a freak accident. Players rallied around him after his goal and one player fell with a skate catching Strath in the face.

Jack Duimstra coaches the club and Al Strath is manager.

The carelessness of anglers was responsible for 118 forest fires in Ontario in 1970.

# Damage over $1,000 three cars collide

There was a three car collision on Saturday on the Fourth Line Esquesing south of 22 Sideroad Esquesing. Two of the cars were parked. The two parked cars were owned by Walter Doupagne of Georgetown and Noel DeWinter of Georgetown. The third car was driven by William G. Pollen of 124 Heslop St. Milton. There was an estimated $150 damage to the Doupagne vehicle; to the DeWinter car $550, to the Pollen car $450.

Robert Waites suffered minor injuries in an accident Sunday at the Town Line and 17 Sideroad Esquesing. There was an estimated $300 damage to his car.

**Three hurt**

Three Michigan people were injured in an accident Sunday on Highway 401, east of Trafalgar Rd. Leah Weisenfeld suffered back injuries, while Ira Maxon received a bruised forehead and Debra Maxon suffered a fractured back. They were treated at Oakville-Trafalgar Memorial Hospital. There was an estimated $400 damage to the Weisenfeld vehicle.

There was a collision between a deer and a car on Highway 7, west of the Seventh Line Esquesing, on Sunday. Driver of the car was Robert Blackader, 19, of Martintown. Estimated damage to his car was $300.

## Issue 26 permits

A total of 26 building permits were issued in Esquesing township during the month of October.

Total estimated cost of the buildings is $167,000.
