

THESE KEYSTONE COPS of football invaded the banquet of the Girls' Athletic Association of Milton District High School last week. Proving that football requires a lot of leg work are students Karen Trimble, Liz Richardson, Bernice Connell, Marlene Poirier, Susan Arbic and Debbie Leggo. Their skit

was staged during the banquet, which was held in the auditorium of St. Paul's United Church last Wednesday. Numerous awards were presented to the top female athletes of the high school at the event. (Photo by D. O'Reilly)

NOTHING BUT THE BEST is the motto, females of Milton District High School use to describe girls' athletics. Last week during the school's girls' athletic banquet, a new trophy, the S. M. Mitchell trophy for outstanding contribution to girls' athletics was presented to its first winner, teacher Mrs. Shirley Mitchell (centre). Mrs. Mitchell is retiring after this

school year and the Milton girls wanted to show their appreciation of her work. Helping her with the trophy are student Liz Richardson, (left), president of the Girls' Athletic Association and guest speaker Lorraine Stubbs, a member of the Canadian Olympic Dressage Team. (Photo by D. O'Reilly)

## Vicki Kovachik Queen at M.M.

By D.-J. Byers

Good morning! Robinson has crowned a beautiful young lady prom queen. Her name is Vicki Kovachik and she lives up here in the Burlington north land. (Besides, she's in my geography class).

The decoration committee went all out this time proving to all of the cynics out there that the theme "Heaven on Earth" would be beautiful. The two heads of the decorating, Ruthie Sturgeon and Carolyn Cooper, are to be congratulated for a smash formal. Special thanks should be extended to the guys who worked from dawn 'til dusk Friday. Jeff Partridge, Tim Coulter, Richard Gibson and John Dinning were involved.

The 1972-73 student council is president Mark Parry, senior vice-president Marg McGrath, jr. vice-president Lorena Zulian, treasurer Steve Harrington, social conveners Carolyn Cooper and Lise Goulet. A new program to be introduced next year will be SCAS (Student Council Advisory Committee) who will act as a consulting committee to the executive. Beneath this group there will be the regular Student Council reps. Eh Gad!

Sally Soccer reporting with the scores from the four soccer matches. Early in the week our junior Rangers and senior Rams went into battle at the Central homeground. The mini-team managed a 1-1 tie. The seniors were bobbed 1-2. Aldershot was the next gang to try and take us by the Ram... and they did. C'mon guys. Aldershot!

The junior score, according to Frank, was 0-2; the seniors were plagued by a repeat 1-2 score.

Get your sneakers ready men, for the Athletic Banquet May 30. For \$2.50 you can get a delicious meal complete with frozen peas and carrots m - m - m. Four speakers will highlight the evening.

### HANGIN' LOOSE

The soccer season is coming to a close, so get out there and catch the action. That's it, D-J!

1. Track and Field this week.
2. Drama Nite is fast approaching!
3. Yeah Vicki!

### White Oaks

## Daring feats of skill highlight evening

By Ed Ford

With only 19 days of school left, special activities have started springing up lately. Last Thursday night was the art show where some of White Oak's masterpieces were displayed for the public along with those of General Wolfe from across the street.

There was also folk singing and a series of Russian dances. The Theatre Arts group did a short skit.

Then on Friday night the athletes of the school were on display in the annual Athletic Night. Feats of daring and skill were performed on the trampoline rings and other gymnastic equipment by both guys and chicks and then the teachers took on some students in a basketball game. The teachers led by Mr. Singleton fared pretty well and managed to tie the game up.

### Senior soccer

The senior soccer team defeated Blakelock 4-2 last week and must face Perdue and O.T. in the near future.

We have of all things, a chess

### Top festival

Martin St. School came away with most of the honors at the North Halton Festival for the Performing Arts last week. Several area schools took part in the event which was held at M. Z. Bennett Public School in Acton. Other details and pictures are in this week's paper.

### Request road designation

Esqueping Council has asked the Minister of Transportation and Communication to designate the Ninth Line, north from Steeles Avenue to the Georgetown boundary line, a development road.

Three reasons were given for the request: first, the road will provide the main access to the International Plowing match in 1974; second, the road is deficient in structural adequacy, drainage and maintenance demand; third, the road is an extension of an urban arterial road, namely Halton road 13 out of Georgetown.

### Ebenezer

By Mrs. R. McLean

Birthday greetings to Tom and Ken Hewer, to Mamma Thomson and Dorothy Gardner.

The Earlys attended Ballinafad anniversary and the McEnerys' 60th wedding anniversary.

Mr. Fred Huffman has returned to his home with his daughter and son-in-law, Mr. and Mrs. Murray Hayward, after a sojourn of nine weeks in Milton Hospital.

The flowers in the church were in loving memory of the late Mr. Wm. Moore, father of Keith.

GOODNIGHT, MRS. PUFFIN is the play Milton District High School's Grade 12 class is presenting three evenings this week. The three-act English comedy was produced and directed by teachers A. MacArthur and J. Robertson. Proceeds are for the grade 12 class' annual trip. Bob Boughton, Lois Fay, Hugh Marshall, Barb Tom and Janet Brodie are pictured in a scene from the play. Final showing is tonight (Wednesday) at the school. (Photo by S. Dills)

To remove odors from jars and bottles, pour a solution of water and dry mustard into them and let stand for several hours, then rinse in hot water.

### HAHN-ECLIPSE POW-R-BOY

...the tiller that challenges you to make the "lift test" for yourself!

Lift the handles and see. The weight is out over the tines, where it works for... not against you. 12" dia. tines on all vertical-shaft models fill area up to 24" wide... and exclusive Hahn fine design pulverizes even packed, grassy soil. Removable wheels and adjustable depth bar make handling a snap. 24" model has power reverse, too.

Open 9.00-7.30 PM Saturday 6.00 P.M.
