Warns climbers

Need equipment, experience to scale bluffs at Kelso

Only experienced climbers with the proper equipment should attempt to scale the cliff which looks out over Kelso Conservation Area, suggests Fire Chief A. E. Clement.

The Fire Chief is concerned over the possible chances of injuries and death to novice climbers and feels signs should be strategically placed warning amateurs that mountain climbing is restricted to professionals.

On Monday, Milton firefighters were called out to rescue a Toronto youth, Allan Laidlaw who was caught on the mountain. By the time the firemen had arrived at the Park Laidlaw had been helped down by friends.

There have been several climbing accidents at Kelso and Rattlesnake Point parks during the last few years.

Bid minister farewell, senior citizens play

Saturday May 13 Milton Senior Citizens orchestra attended St. David's Presbyterian Church, Campbellville, to participate in a farewell exercise for their minister Rev. D. R. Nicholson. Omar VanSickle acted as master of ceremonies for the evening and called on the orchestra for a few selections.

Tuesday May 16, 18 people from Milton comprising members of the orchestra, their husbands and wives and guest artists motored to Durham in showery atmosphere to put on a program for the senior citizens there from 2 to 4 p.m. in the Legion Hall. Three hundred were in attendance made up of three clubs, Durham, Mount Forest and Holstein. Mr. MacCuaig of Durham extended a warm welcome and thanks to the Milton group.

Tom Bradley introduced the members of the orchestra and T. A. Hutchinson, Q.C., who carried on as M.C. for the program which commenced with a few numbers from the orchestra, recitations by Mrs. Gordon MacNab, violin solos by Mrs. Edgar Foster accompanied by Mrs. Leonard McNeil, two Scotch solos by Bob Laking and vocal duets by Mrs. Tom Bradley and her sister Miss Catherine Bryson from Toronto also accompanied by Mrs. McNeil.

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

OSD student recovering

Nine-year-old Timmy Smith is reported in fair condition at Sick Children's Hospital in Toronto. The youngster was struck by a motorcycle last Tuesday when he was crossing Ontario St. in front of Ontario School for the Deaf.

The boy is described as having only partial hearing. He was leaving OSD to go to Bruce St. School where he attends classes each day.

The youngster was in intensive care and on the critical list for 24 hours after he was admitted to hospital with head injuries, lacerations and a fractured leg.

School officials now believe the boy is on the road to recovery. He will, however, be in hospital for several weeks.

Some folks couldn't even borrow trouble if they had to put up the collateral.
