It is a Leonard-Corliss engine build in England in 1905, and develops 85 HP when its 10 foot diameter, four ton flywheel is turning at only 75 rpm. Total weight of the engine is eight tons. 600 attend Oktoberfest

Competing against the first game of the Canada-Russia hockey series Saturday night, the German-Canadian Club's Oktoberfest style Hofbrauhaus dance at Milton Arena nevertheless drew a crowd of about 600 and everyone reports having a good time.

This was the eighth annual arena dance sponsored by the Halton County club. The Nick Osbelt band provided the oomp-pah dancing music, aided by the singing and yodelling sisters Annemarie and Elsa and a dancing display was given by the Schwabenclub from Kitchener.

Halton MPP Rud Whiting, Halton East MPP Jim Snow and Milton Mayor Brian Best were among the dignitaries attending.

Lumber, furniture stolen at subdivision, apartment

Thieves had a busy week in the east end of Milton, looting an apartment lobby of \$250 worth of furniture and a subdivision construction site of \$700 worth of lumber and doors. But Milton Police have apprehended the lumber thief and charged a local man with theft and possession of stolen goods.

The lumber was reported missing last week from the Wimpey Homes construction site east of Ontario St. A resident of

the Wimpey subdivision was charged.

Sometime between 9 p.m. Saturday evening and 9 a.m. Sunday morning, a thief or thieves walked off with a chest-of-drawers, chair, walnut coffee table and ashtrays at the El Primo apartment building on Ontario St. N. The stolen goods are still being sought, police said, and anyone having information on their whereabouts is asked to contact the police department.
