By Mrs. P. D. J. Scoones
A very successful evening of progressive euchre was held on Feb. 6 in Kilbride Public School, with prizes won by the following players, Mrs. H. Beatty, Mrs. E. Allison, and Mrs. J. Potter. The Senior Citizens Club would welcome new members, and anyone interested in joining can get in touch with Mrs. Allison who would be pleased to give further information.

committee have been putting in a lot of work during the past 12 months, and on Sunday Feb. 4 two bus loads of children and parents spent a wonderful afternoon in Toronto Maple Leaf Gardens watching the Kitchener Rangers play Toronto Mariboros. The outcome was 9-2 for Toronto. This Group makes their money by helping at the Steam Show at Milton on Labor Day and by selling Christmas trees, so this is why it only cost 75 cents per person for transportation and admission to the game.

Sunday School hall was very active last Saturday with members of the Girl Guide troop selling their home made bake goods. What a sell-out it turned out to be. No sooner was the food put on the stalls than it was sold. About \$30 was made on the sale.

Recreation

A recreation committee meeting was held Feb. 6 under the chairmanship of their president Paul Dubuc. Preparations are well under way for the card party in March. There are to be many prizes and a sandwich luncheon is being put on by the ladies committee.

children having to walk on the roads going to school is dangerous enough, but during winter months these roads are very seldom sanded or salted which increases the danger. When I refer to our children, I mean the TAXPAYERS. Ontario St., one of the busiest streets outside of Main St. lacks SIDEWALKS. I am sure the Senior Citizens along with other residents of that area would appreciate a sidewalk to enable them to walk safely into town or to the plaza.

From other articles I have read in the paper, it would appear the above mentioned people would prefer to spend the TAXPAYERS' money obtaining estimates for sidewalks, shelving the idea and then 3-4 years later repeat the same thing over once more, spending more of the TAXPAYERS' money. This way of planning now will cost the TAXPAYER more tax dollars as the price of labor and materials have risen sharply.

It would also appear that Mayor Best and Council members are not concerned with the safety of the children or citizens of Milton, but only with their own comfort. Does it not appear strange to each and every TAXPAYER how our elected officials always manage to find funds for air conditioning or salary increases, but not for important items such as SIDEWALKS.

The third meeting of Hornby South 4-H Club was held in Omagh church hall on Saturday Feb. 10, with 17 members and two visitors attending. Nancy Laurence presided. The fourth meeting will be on Feb. 24 at 1 p.m. A discussion led by the leaders was held on fitting sport garments and tips on getting ready to sew knit materials. Demonstrations were given on pressing.

Girls were cautioned to use a damp press cloth, be certain the iron is at the proper heat and if possible press on the wrong side of garment. Too hot an iron can cause the fabric to pucker or develop a shine.

Necklines and facings were discussed and Mrs. Kiernan demonstrated the rolled trim edge, binding this is an attractive and easily applied method for finishing necklines and arm holes. Achievement day for this project is April 28 in Milton.

A FOSSILIZED TOOTH of unknown origin was unexpectedly found last week by Lino Rigo on the parking lot at the North American Rockwell's plant here in Milton. Mr. Rigo, a security guard, said he had found other stones with fossils in them but never any with anything like this. The tooth, about an inch long, looks like the eye tooth of perhaps a large doglike animal which roamed this area thousands of years ago. The piece of rock had originally come from one of the quarries on the escarpment. (Photo by J. Jennings)
