

## Scouts launch another tree planting program

The 400 Boy Scouts, Cubs and Venturers from the North Halton district are planning another TREES FOR CANADA project on Saturday, April 28, when they will again plant thousands of trees.

The project has been made possible through the co-operation of the Credit Valley Conservation Authority, which has provided

land at Silver Creek, the Monora Conservation area and the lake at Orangeville dam, and the Department of Lands and Forests, from whom the trees are being purchased.

Dave Williams, publicity convener for the North Halton scout district, said, "Not only is this a fund raising campaign to assist in furthering Scouting but also to provide much needed

reforestation, creation of new wildlife habitats, prevention of land erosion and the provision for water preservation areas."

Shrubs are to be planted at the Orangeville dam to encourage wildlife by providing shelter and food and red pine will be planted at the Monora Conservation area to provide windbreaks and shelter for birds. Cleared areas

will be planted in white pine and white spruce to replenish them.

Cubs, Scouts and Venturers will be calling on residents in their own communities to recruit sponsors for the tree planting project. They hope to gain the same type of support they received last year which resulted in thousands of trees being planted despite unfavorable weather.

## Work with deaf children brings honor to H. Duecks

A Milton couple well known for their work with deaf children, Henry and Anne Dueck were honored by Oakville Lions Club Friday as joint "Citizens of the Year".

The Duecks operate the Ontario Farm Home for the Deaf on Highway 25 just north of Milton, a project that is

supported by Oakville Lions and Lions Club members across the province. Parents of three deaf children themselves, they have taken in eight other deaf children with mixed backgrounds, some of them emotionally disturbed, and provided a warm, home-like atmosphere.

A film strip on the work of the

Duecks' farm home was shown at Friday's awards banquet by Rev. Robert Rumball, minister to the deaf in Toronto, who got the farm home idea going at a St. Catharines Lions Club meeting in 1967. He rounded up the original loans that purchased the farm, and convinced the Duecks to move here from Niagara-on-the-

Lake and operate the farm. Among the 218 guests at last week's awards dinner were many of the Duecks' home guests and friends.
