Shower anniversary couples with gifts and telegrams

By Mrs. Cecil Patterson
Mr. and Mrs. Harold Rutherford and Mr. and Mrs. W. J. Ross entertained their many relatives and friends on the occasion of their 50th wedding anniversaries at the U.A.W. Hall, Martin St. on Saturday, April 21.

The brides and grooms of 1923 received their guests from 2 to 5 p.m.; Mrs. Rutherford wore an attractive crimplene suit in shades of rose and white, Mrs. Ross chose a smart suit of green and white doubleknit, and each lady had a beautiful corsage of gold rose.

The long head table was centred with a vase of gold roses, flanked on each side by a large wedding cake. These were topped with a tiny gold vase with rosebuds and baby's breath. Brass candlesticks and yellow tapers and gold music boxes made for an attractive setting. The small tea tables each had a gold rose centerpiece.

Many telegrams
The happy couples received many telegrams of congratulations, a large number of floral arrangements, personal gifts, cards and a host of good wishes. Nearly 200 persons called to offer congratulations, to enjoy a social time and dainty refreshments.

Relatives and friends came from 35 towns and cities throughout Ontario and locally. Friends wish both couples many more years together.

Steam Era
About 125 members and visitors attended the April meeting of the Ontario Steam and Antique Preservers Association

at Boyne Centre on Thursday, April 11. Vice President Bernard Porter of Woodstock was in the chair, assisted by Stuart Calhoun of Mississauga. Business concerning the Steam-Era on Labor Day weekend 1973 was transacted.

An interesting program followed with recitations by John Parker of Ancaster of Robert Service poems.
Earl Carpenter of Sutton read an article on the first journey by car across the United States from coast to coast, in 1903. This was quite a hazardous trip fraught with accounts of breakdowns and much hardship but eventually completed.

Poem
Mrs. B. Porter read an amusing poem written about Fred Ruddell's dog paddle chain and his lovely dog Rex which operates this piece of machinery. This exhibit is always in the parade at Steam-Era time. A silent movie owned by the club of the 1967 Steam-Era in Milton was shown by Gordon Rayner.
Sincere sympathy is extended to Mr. and Mrs. Fred Amme and family on the passing of Mr. Amme's father Mr. Rudolph Amme of Bremen, Germany.

The deceased was in his 86th year and is survived by his widow and a daughter in Germany, also Fred of Milton and two daughters in the United States. Mr. Amme was buried on April 19 which was also his wife's birthday.
Get well wishes to Mrs. Sam Finnie Sr., a patient in Burlington Joseph Brant Hospital.

Warrington Cope of Ottawa visited with old school friends in this area on Easter weekend. Mr. Cope lived for a few years with the late Mr. and Mrs. A. Robinson, Fifth Line and attended S. S. No. 7 in the years 1923 to 1925. Miss Mary I. Sutton was the teacher. Mr. Cope spent the time renewing acquaintances and seeing the many homes he visited in his young days. Former school friends wishing to meet him again can reach him through Henry Peacock. Warrington spent 31 years in the navy as Chief Petty Officer, travelling all over the world, and is at present in an executive position in Ottawa. Mr. Cope is married and has a married son and daughter.

SECOND DOCTOR
Dr. James Cobban, Halton's second doctor was located in an office on the banks of the Sixteen south east of Milton.

Members of Halton County administration committee noted a man could have been used in that capacity last week when high waters and strong winds combined to cause massive erosion, property damage and some evacuation from lakeshore homes in Burlington and Oakville.

Administration committee chairman Reeve Allan Masson was appointed as acting E.M.O. co-ordinator until one is hired.
Walls crumble
Masson recalled sea walls that had been built well and stood for many years along the Oakville shore of Lake Ontario crumbled like tin soldiers under the tremendous pressure from monster waves last week.
After discussion members of the committee agreed the protection of private property is up to the property owner but agreed if the incident was declared a natural disaster, some

Halton County Council will advertise for an Emergency Measures Co-ordinator to fill the vacancy that occurred when Ron Beattie left the post about two weeks ago.
Beattie left after serving in that capacity for a year. He followed Bruce McGregor, who left after 10 years.

High Death Rate
Looking back over the pages of history one is appalled at the high death rate, due in great measure to ignorance, negligence, and unsanitary conditions and to the unscrupulous deception of so called medical men, capitalizing on the need and distress of the pioneers.

Residence delayed neighbors opposed
The North Halton Association for the Mentally Retarded held a general meeting on April 2 at the A.R.C. workshop with 45 members in attendance. C. Clifford, program director, arranged an ethnic smorgasbord followed by a wine tasting survey sponsored by Bright's wines.
A business meeting followed ending a very enjoyable evening.
Residence snag
Members of the Association have been very disappointed that their planned adult residence has met a snag. They had been negotiating for a 10-acre parcel of land in Esquimes, but neighbors opposed the location of the residence near them. The building committee is presently negotiating for another piece of property.
The residence would be for retarded adults to live in a home-like setting. This type of supervision is a growing trend, replacing large institutions such as the Orillia hospital. Only persons who would adapt well to this situation would live in the home, the organizers explain.

Walls susceptible
At the Oakville Police Station, one wall in the main cell block and one in the bull pen were found susceptible to damage by prisoners and the wire mesh could provide a makeshift weapon, according to the Grand Jury report.
It was further recommended that additional parking space should be provided at the Halton County Administration Building and Court House on Steeles Ave. in Milton. According to the Grand Jury, this is necessary to eliminate the hazards of backing cars along the roadway onto Steeles Ave. It was also recommended that the jury rooms be sound-proofed.
MAIL'S HERE
During the 1870's notices were published in local papers telling who mail was being held for at the post office. People in those days didn't call for mail every day, just when they were expecting a letter.
