New pumper arrives

Members of the Milton Fire Department and Milton Fire Area Board were on hand last week to take delivery of their first tank truck.

The new acquisition is worth \$23,000 and will be able to carry 1,500 gallons of water to fires, to be used by the department's

pumpers. A new feature is a portable tank on the side of the truck which can be filled with water and left at the scene of the fire while the truck goes for more.

Dual portable tanks can also be removed from the vehicle.
