Game & Fish News

by arn coulson

It seems that people are totally dedicated to self-destruction. For at least four or five years unlicensed fishermen on Lake Ontario and Lake Michigan have been netting salmon and trout contaminated with the toxic chemical PCB, polychlorinated biphenyls, and selling them to people who cannot help but know the fish are dangerous to eat. They are especially dangerous for children and pregnant women.

The lake trout from Lake Michigan has been declared unfit for human consumption by health officials. At least 800,000 lbs. were caught and sold illegally last year.

PCB is an industrial waste linked to cancer, impaired fertility, birth defects and impaired vision. Lake Ontario is not as contaminated as Lake Michigan, but again, don't eat too much each week and please be careful.

This has been an excellent year for guide Dan Hales of Lake Simcoe. Despite many days of cool, windy weather, Dan managed to keep most of his appointments. The biggest catch and his record day was when a 33 lb. trout, a record for Lake Simcoe, was landed. The Ontario record for Lake Trout is a 41 pounder taken in 1961.

One day he took a party out that included Rick Blinn of Toronto. Rick landed the trophy trout and on the same day took another trout at 23 1/2 pounds.

The following day Dan took another party of four who nabbed six fish, the largest being 24 lbs. and the smallest three pounds. So on Dave's boat, catching fish is neither by luck or accident. Needless to say, his boat is booked solid all summer.

There are as many as 65 deer in herds in Haldimand County this past three months. According to residents the deer are destroying crops and causing accidents on the roads. On the roads of the Niagara Peninsula and Haldimand last year, 200 deer were killed, causing thousands of dollars in damages to vehicles and injuring passengers.

Douglas Townsend of the Ministry says they could set up a three day hunt for this fall, but cannot; the reason being objections from councillors. The three day hunt would only be harvesting a good crop and bringing the deer herds to a safe level.

The Halton Sportsmen's Club has weathered a small, stormy summer caused by a few members who sometimes say things they don't really mean. Our club, and one that I am proud to say that I am a member of, has served and prospered for over 25 years. The little differences of opinion that have occurred are bound to happen in any club and have been overlooked and forgotten by men who are big enough to overlook these things.

Under the excellent guidance of fellows such as President Maurice Coulson, Secretary Jim Mountain, Jim Pearson and Delmar Coulson to name a few, things are fine and rolling along toward the winter programs including the fish fries, dances, card parties and dinner meetings.

Our old fishing pro Jim Smith and his family had an excellent holiday this year 65 miles north of Sturgeon Falls and naturally it was a fishing holiday.

Jim, his wife Janet and daughter Dawn Ann, caught 27 fish in four days. The largest was caught by Dawn Ann, 9 lbs. 13 ounces and six lbs. seven ounces. More about members' fishing trips will appear later.

A few dates to remember! Trap Shooting Oct. 2 for the Robertson-Coulson and Lucy Tuck trophies.

The Zone Six annual convention will be held at the Waterloo Rod and Gun club Sept. 23-25 with \$1 registration fee.

The convention is for the individual and club members alike, so get out and support club member Reg Woolsey as Zone Secretary, a very demanding job to say the least.

The bow and arrow season for deer in Halton is Oct. 15 to Dec. 4.

FOLLOWING THE STOCKS

Lee Jerome is the track champion at Flamborough Speedway but Milton's Dave McKee finished second in points in the hobby division after a rough final night for Flamborough points.

McKee was only one point off Ancaster's Jerome going into the feature event and McKee could have taken the championship if he could have beaten Jerome in this event. Jerome left the pact early and by the time McKee was catching up, they were running out of time and laps.

Jerome ended up four points over the Milton car.

In the hobby heats at Flamborough Speedway over the weekend Sam Taylor of Burlington grabbed the first heat over Dick Remus of Paris and Ralph Farraway of Hamilton. Ding De Leeuw of Hamilton won the second heat with Dave Mogford of Milton placing second. In the third heat Gary Elliot of Toronto came out on top with Jim Collison of Cambridge second and Dave McKee of Milton third.

In late model heats Bill Reimer of Oakville won the first heat and Jr. Hanley of Burlington grabbed the win in the third.

In compacts, Ralph Lehman of Ariss won the first heat and Ron Porter of Cambridge took the second.

In feature races, Hobby Little feature, Brian Rashleigh of Rexdale won with

Don Rammage of Guelph second. Wayne Howden of Milton won the late Model Semi second heat.

In the Hobby Feature Lee Jerome of Ancaster finished first with McKee of Milton second. In compact feature Bill Bendell of Mount Hope won with Chuck Lawler of Guelph second. In the Late Model feature Jr. Hanley of Burlington was on top
