## Board defers decision on French

Halton Board of Education has deferred a vote on expansion of the elementary French language program until the January 26 meeting.

Trustees agreed to defer a vote on the controversial question after much discussion Thursday when they were told provincial funds for the program had not been received and a delegation is expected at this Thursday's meeting from Halton Parents for French Immersion.

The board is not sure whether funds from the Province for the program are part of their present grants or an extension to them.

Guidelines from the Ministry now allow the board \$54 per student for 20 minutes of French daily. That would increase to \$70 per pupil for 20 minutes and \$110 for 40 minutes of French daily under the new policy.

The program contemplated by the Halton Board calls for daily 40-minute French programs from grade four up, beginning in September,

1978. Additional staff—13 teachers—for the program would come from the present staff. There are presently 37 teachers instructing in French in Halton elementary schools.

Objections to the program have come from Milton trustee Bill Lawson and Halton Hills trustee Bert Hinton.

Mr. Lawson said he stood firm on his concerns despite a lengthy report from the superintendent of Program Bruce Mather, defending the expansion. Lawson fears the core program in the schools will be affected by taking time away from such subjects as mathematics and English.

Trustee Edna Robinson says the program is half-baked because it takes 13 teachers out of instruction to provide French instruction. She said she supported French instruction but not under those terms. She felt the administration should come forward and say they needed 13 more teachers for the program and ask if the

board was prepared to support it.

Trustee Hinton suggested the board should be asking teachers, not the administration, how valuable the program is. We have to know what goes on in the battlefield where teaching goes on to get sufficient knowledge of its value, he said. He felt the board was being led down the garden path by the administration.

Director of Education Em Lavender admitted the expanded French program would take time from other programs but he also explained that research data from other places where expanded French programs are in use showed no adverse affect on other subjects. He also noted that classes in Halton schools are half-hour longer than legislation calls for.

Trustee Dr. Helen Howard-Lock was as firm in her support of the program as other trustees were opposed. She said expanded French would reinforce the first language—English—and pointed out French had the second highest usage in the world. She also said it was the second-greatest international language in terms of having developed culture as well as being Canada's alternate language.

Bruce Mather said the small amounts of time taken from other programs would be corrected by principals over the next three years, an answer some trustees found disturbing. Lawson said he foresaw repercussions among school staff.

Mr. Lavender, director of education, said the expanded program posed a dilemma both for board and administration—on how to take a good thing and make it work within the system.

## SPORT

with Peter McCusker

Last night two Miltonians made their North American television appearance together as Bruce Hood and Leon Stickle worked the National Hockey League All-Star game in Buffalo. Bruce Hood said he felt it was an honor to be selected to do the game as an official. Hood rented a tuxedo from Bus Knight's Men's Wear on Main St. The tux by the way was not for the game but for the Monday night banquet.

The big night in sports this week is Saturday Jan. 28 at Milton Memorial Arena for the Bruce Ellison benefit game between the Flyer Oldtimers and the present Milton Flyer club.

It is a first for Milton Junior hockey fans and the lineup for the Oldtimers is set. Steve Gervais and Bill Anderson indicated they will definitely be spectators. Leon Stickle will be working in the NHL, this evening and will not be on hand. However, a star studded cast of limping history will unfold before your very eyes.

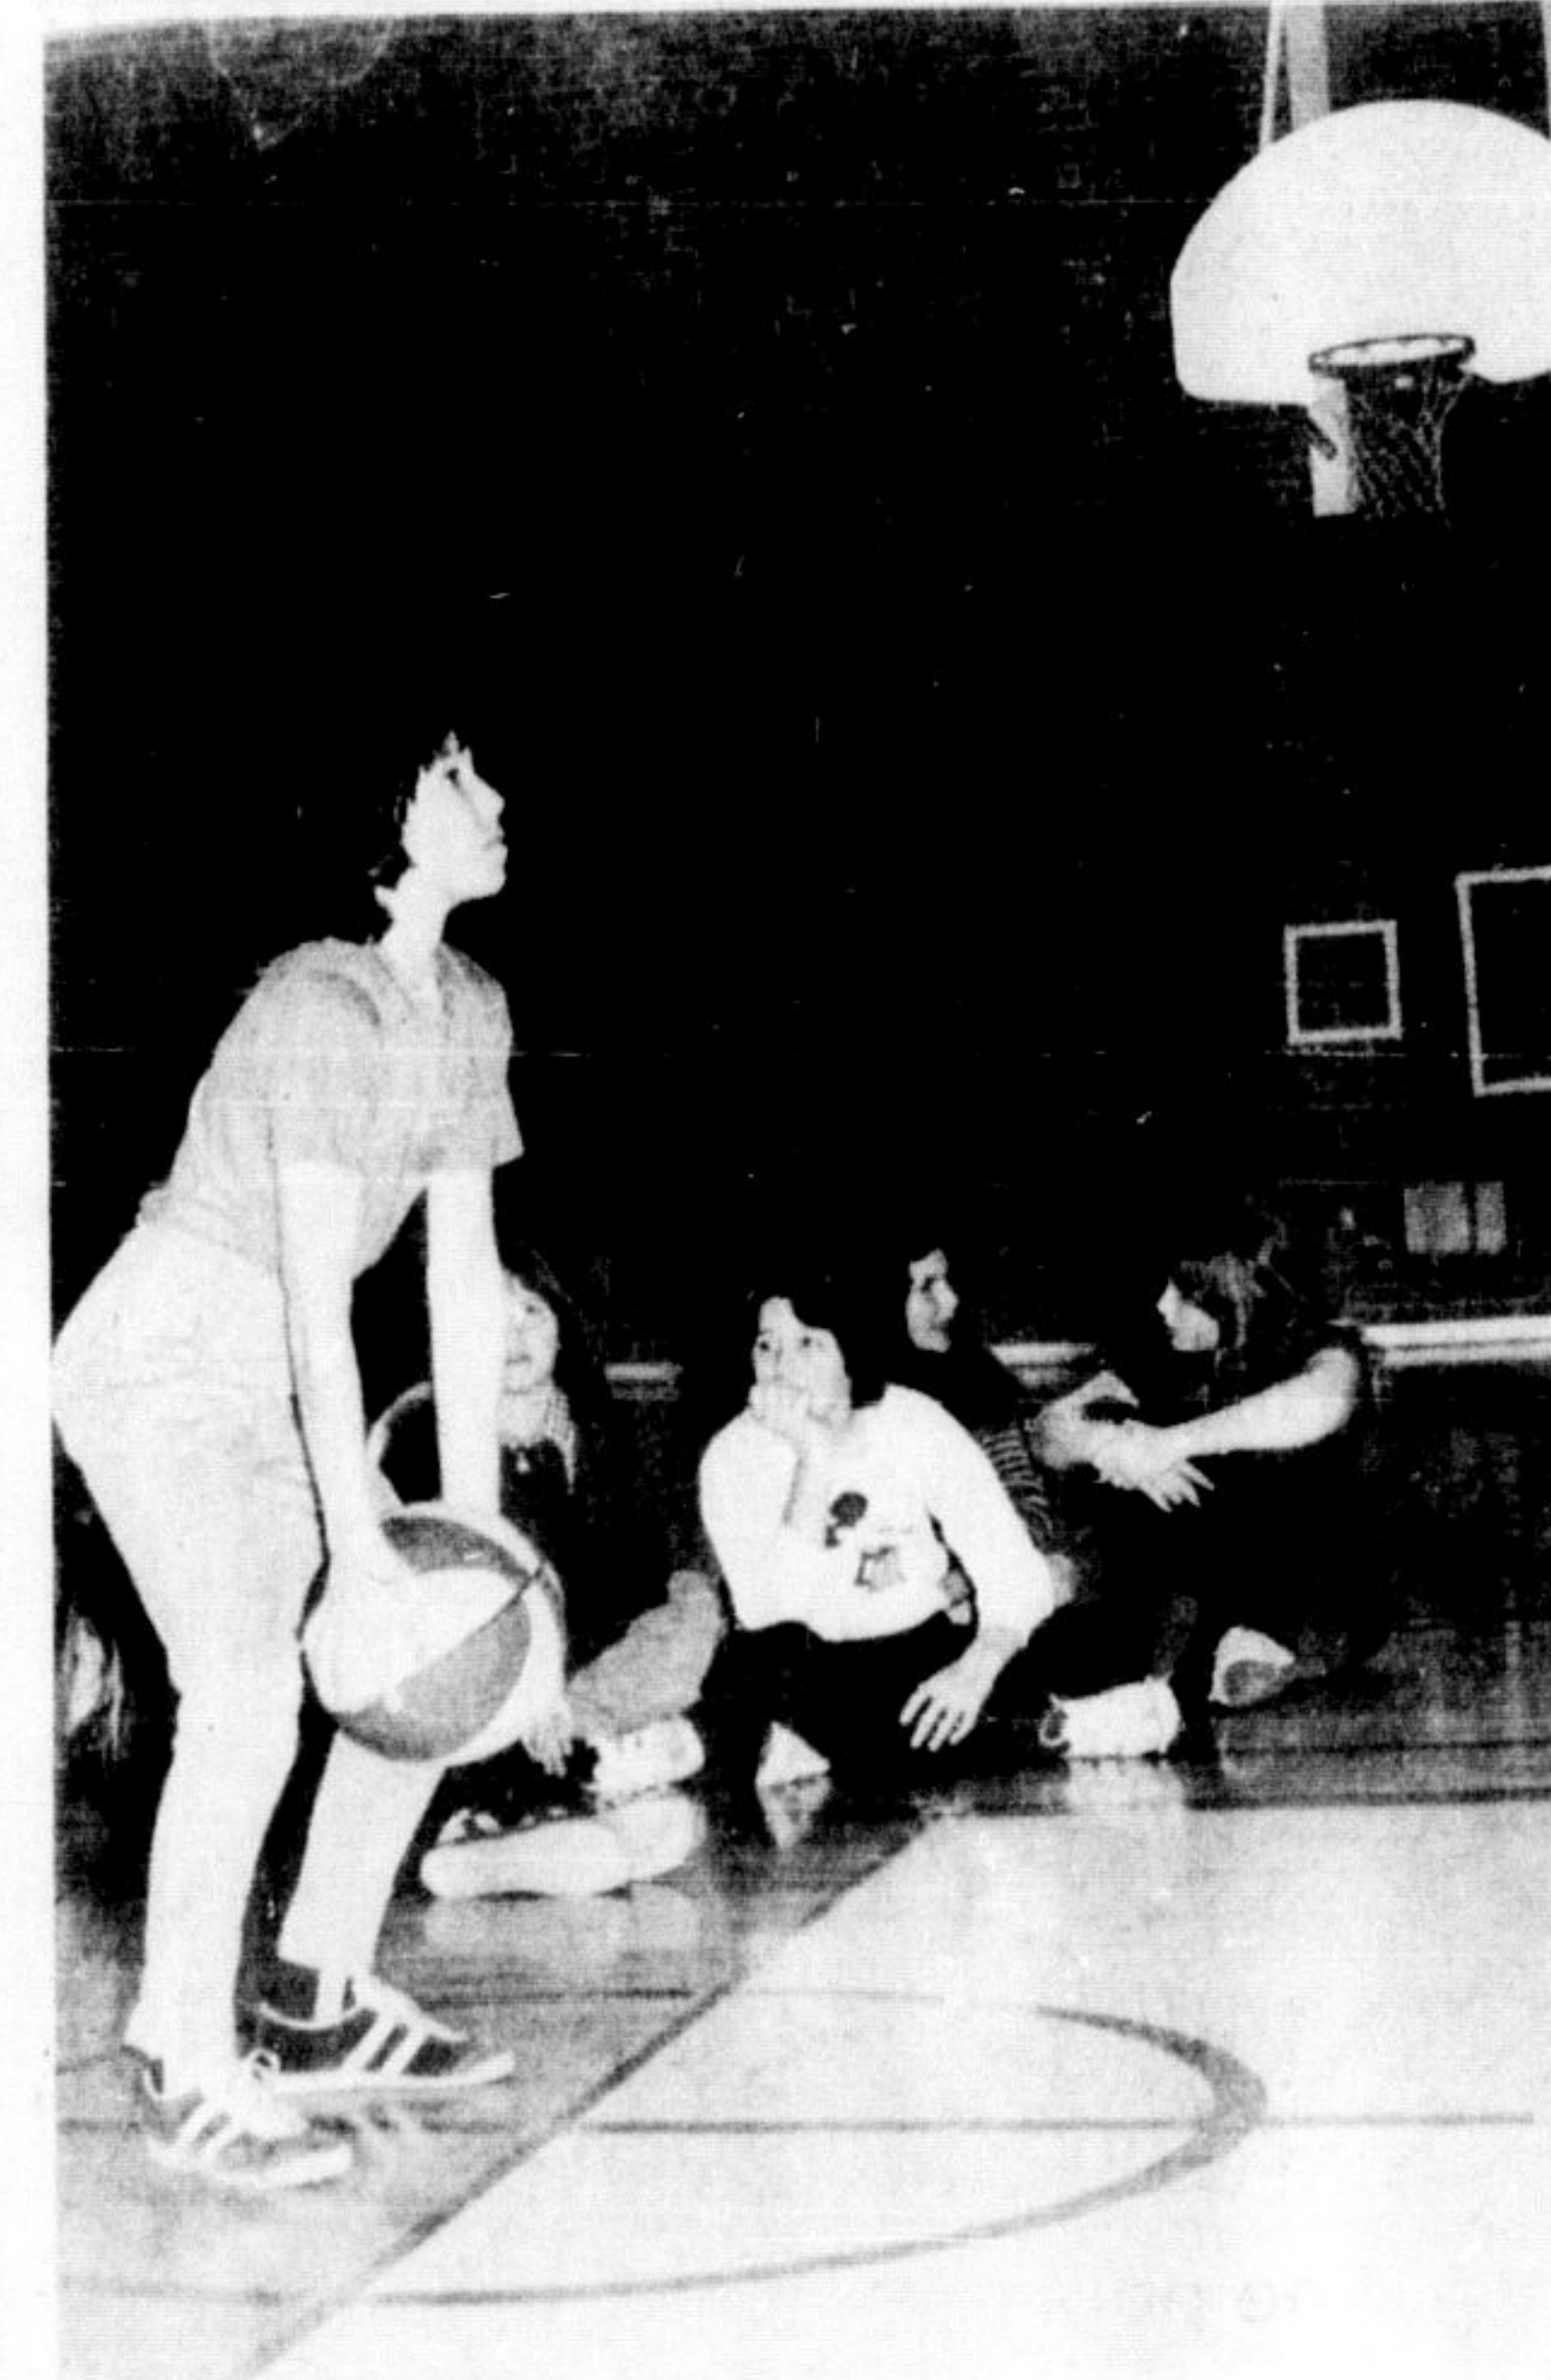

Come ye and behold in splendor the magnificence of the Oldtimers. You can easily see the present Flyers, young and the restless, weekly, but it may be the one and only time in history that such an assimilation of talent will be unleashed at Milton Memorial Arena.

The entire scheme is to aid Bruce Ellison. For the uninitiated, Ellison played for the Flyers until November 25 in a game against Burlington Cougars. In that game Ellison had his season prematurely cancelled with a severely broken leg. He'll be sporting a cast till the fall of this year and fortunately the pain is gone.

Right now Ellison can't work at his job he held before the injury, being an Air Canada baggage handler at Toronto International Airport.

So he's finished with Junior being 20 years old now and will be getting married in October, after the cast comes off.

Oldtimers that will be playing are Don Hearn, Doug Hearn, Marty Seeds, Jim Cole, Barry Elliot, Dick Marshall, Merv Fletcher, Roger Wildfong, Bob Pie Lee, Bill Currie, Graham Hern, Renato Bertoli, John Zoppas, Joe Hore, Frank Marchiorri, Bob Robson, Moe Miljour, Paul Kitchen and Jim Keane.

CINDY RILEY concentrates as she lines up a shot during the free throw basketball competition, sponsored by the Knights of Columbus.

## Plan to complete police radio system

Halton Regional Police and electric company officials will continue to meet with an eye to getting all the new police radio system working. Police Chief Ken Skerrett said Friday.

Most of the radio system has been working for about six weeks, he said in a telephone interview.

However, parts of the system are "not up to top efficiency" and the portable radios for walking constables

have not been issued, he said. The portable units are in stock at Oakville. No date has been set for the portable radios to be issued, the chief said.

The Speyside transmission tower, part of the system, is working according to Skerrett.

The new radio system was the topic during last week's police commission meeting at Oakville.
