

# Rotary exchange student flies home to Japan today

Rotary exchange student Mitsumasa (Mitsu) Nishimura flies home today after almost a year in Milton.

Home for Mitsu is the city of Ise-Shi in Japan. While in Milton he completed grade 11 at Milton

District High School. Improving his English is the biggest change he notices resulting from his stay in Canada. But his parents, who visited here recently, observed he's grown, not only in size, but in maturity as well. Mitsu reported in an interview last week.

Mitsu said adapting to Canada was fairly easy, since he was accustomed to western-style living in Japan. What surprised him about Canada was the newness of the country and the number of residents who were only first or second generation

Canadians. School he found more difficult than in Japan because of the language difference. Nevertheless, he found time to join the school's cross country running team and junior band, where he learned to play the saxophone, and to get together with friends for a blues band. Mitsu is an accomplished piano player.

He described Milton as a safe place to live and Miltonians as friendly. No pang of homesickness marred his year. While here he stayed with four host families: the David Thomp-

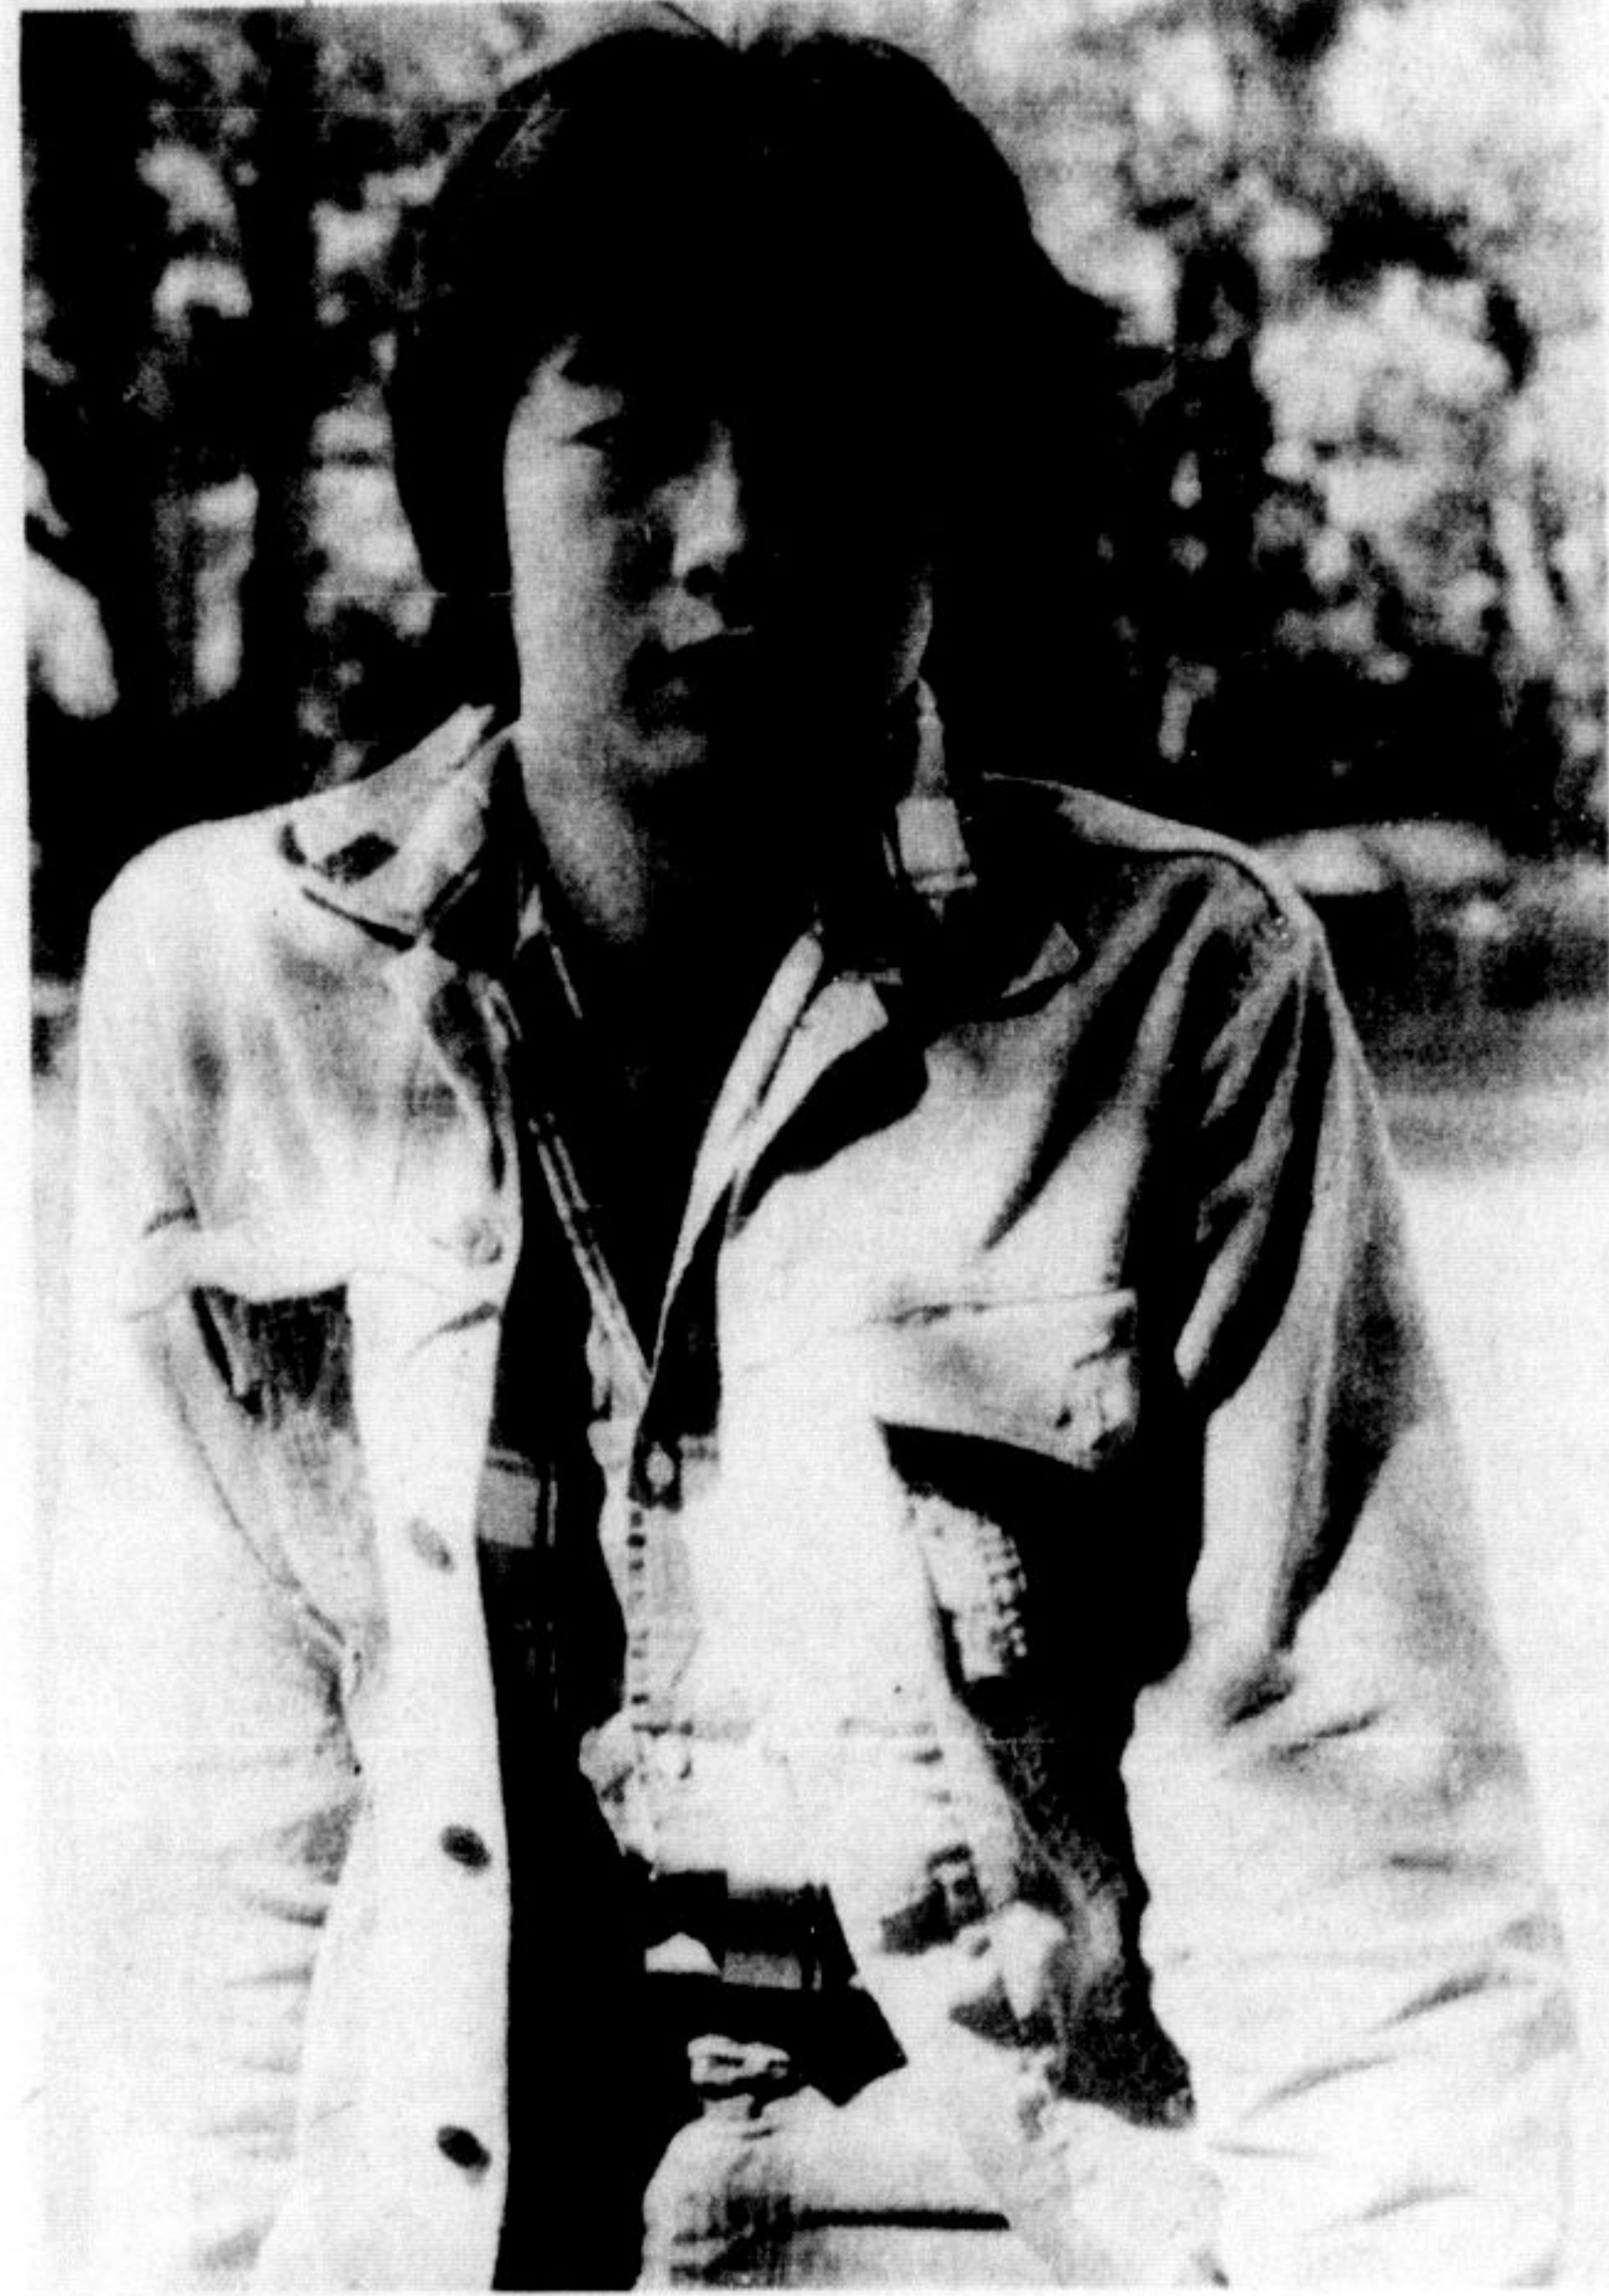

sons, the Dick Knorrs, the John Conways and the Maximilian Museluses.

When his parents visited North America, Mitsu joined them for sightseeing in Cali-

fornia and New York. Back home, Mitsu expects to finish high school in

January and hopes to go on to university in Tokyo to study business economics. He

anticipates the English he's learned here will help him get into university.

ROTARY exchange student Mitsu Nishimura returns home to Ise-Shi, Japan, today. He arrived in Milton last July.

## Bicycle accidents are increasing

This is what Ontario is doing to help make bicycling safer

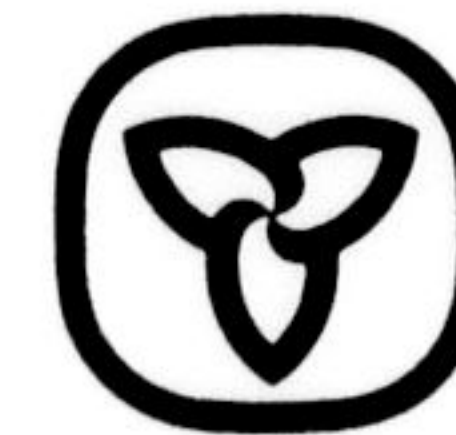

Stay alert to stay alive!

Many bicycle accidents involve collisions with cars or trucks whose drivers never "see" the bicyclist until after it's too late. As a bicyclist, you have just as much right to the road as cars, buses or trucks. But you're small and they're big, and being right doesn't help if they don't see you! So it's up to you to watch out for you. Stay alert to stay alive!

We urge you and your family to become familiar with the rules of bicycle safety.

Your Ontario government has prepared a special booklet called "The Bicyclist's Handbook". It covers cycling tips, rules of the road, traffic signs, how to become an expert cyclist and how to maintain a safe bicycle.

For your free copy, write to: Bicyclist's Handbook Public & Safety Information Branch Ministry of Transportation and Communications 1201 Wilson Avenue Downsview, Ontario M3M 1J8
