**Patented
 MARK COLLAR**

THE PATENTED MARK COLLAR SHIRT

Why—because it's the brightest breakthrough in dress shirts in 50 years.

Why—because the button and button-hole are placed at the bottom of the neck band to allow the collar to adjust to the shape of your neck.

Why—because your neck is shaped like a cone, not like a cylinder and the Patented Mark Collar is designed with a V opening so that your tie fits cleanly and neatly in the collar. No more pinching, no more pressure—the Patented Mark Collar shirt sits on your shoulders, not on your neck.

Be comfortable—wear the Patented Mark Collar shirt by Arrow. Available in plain, tone on tone and stripes.
