

## New cars star in local showrooms

**SHE'S A BEAUTY** — the car, too. Sales representative Debra Semenek at Murray Wilson Pontiac, Buick, Cadillac, adorns the beautiful Cadillac Eldorado front wheel drive that starred

in the dealership's Thursday night grand opening of 1979 models. Local dealers gave away provincial lottery tickets on opening night, but the crowd really came to see the cars.

**THE NEW CAPRI** is one of the new cars on display this week in local dealers' showrooms. Sales representative, fleet and leasing manager Max McKee of Gallinger Mercury shows off a

two-door model on the lot. Crowds flocked to new car showings at four local dealerships on Thursday night.

**LOOKING IT OVER** inside and out, Diana, 13, and Michael Ptolemy, 8, went to the new car showings Thursday night with their mom and dad Anne and Doug Ptolemy. They were admiring the inside of this Chev when a photographer came by.

grand  
openings  
Thursday

**FIREWORKS LIT THE SKIES** over Richardson Chev-Olds dealership on Thursday night as Hand Chemical Co. of Milton put on a 15-minute fireworks display as part of the 1979 car showing. A big crowd was on hand to ooh and aaah over the brilliant aerial display, followed by refreshments.

**LARGE CROWDS** attended local car dealers' showrooms Thursday night, to participate in the introduction of the new 1979 model cars. This

group is shown in the Richardson Chev-Olds dealership, where Chevs, Olds and GM Trucks were on display.

**THE 1979 MUSTANG** was shown with pride at Trafalgar Motors, Milton's Ford dealership, at Thursday's open house for the '79 cars. Owner Chuck Beeton shows off a three-door Mustang

with special trim. Trafalgar had a unique showroom display, featuring 1929, 1959 and 1979 model Fords.
