Group says farewell to Rod Lewis family

By Mrs. Cecil Patterson

Miss Audrey Lawrence, missionary teacher home on furlough from Chad, Africa was the guest speaker and showed films on her work in that country, also showed many interesting articles such as the money of Chad at the pot luck thankoffering dinner at Omagh church on Thursday, Nov. 2. The president Mrs. C. Patterson of the W.M.S. welcomed the visitors for the noon meal with Rev. W. Milligan saying grace.

eous meal a birthday cake was cut by three members, who have special days in November and the birthday meeting closed with the hymn song was for Mrs. L. Pocock, Mrs. Gladys McLellan, Mrs. Marion Marshall and Mr. Milligan.

The program followed and a presentation was made to Mrs. R. Lewis and three sons, on behalf of the W.A. and W.M.S. Mrs. M. Turner read address expressing sadness that the Lewis family is leaving Omagh to take up residence at Oakville where ducted as minister of Hope-

Parental skills courses sought

On the evening of Thursday, Nov. 2, the University Women's Club of Milton and District gathered at J. M. Denyes School in Milton. The meeting was open to guests and the topic was "Calling All Parents". Mrs. Eva Hegedus, a member of the club, introduced the four panelists: Eric Balkind (principal of Howard Wrigglesworth Public School in Georgetown), Elizabeth Coleen Malek (co-ordinator of the Canadian Nanny Program at Sheridan College), and Jinny Zanin, a nurse with the Halton Health Unit.

answered prepared questions posed by members of the Club. They summarized some necessary basic skills knowledge of child growth and development, respect and acceptance of each child as a unique individual, the ability to encourage a child to learn, and a sense of humor! In short, "Do as you would be done to," said Coleen Malek.

WE WISH TO DRAW THE ATTENTION OF TAX-PAYERS IN WARDS ONE AND TWO TO THE LETTER TO THE EDITOR OF THE 'ACTON FREE PRESS', ALONG WITH SOME REPLIES TO IT.

Can't afford another term

Dear Mrs. Dills:

Mr. Hinton is a handsome dapper man who smiles disarmingly, but we need more than just another pretty face.

He is a smooth politician and has carefully cultivated a high profile, but it is an ineffective one. He has run previously on empty emo-

tional issues, such as cutting back teacher's salaries and board budgets. These are irresponsible fairy tales in times of 12 per cent inflation and when, by the Board's own admission.

"Costs per pupil in Halton have been among the lowest for Boards our size since 1969. In addition, the percentage distribution of tax dollars for educational purposes for municipalities in Halton has decreased since 1969 in every municipality when compared with tax dollars going for municipal purposes." (Halton Board of Education "Reports on Declining Enrolment in Halton-1978-1982" page 25, March

16, 1978.) Halton also has the second highest pupilteacher ratio in ONtario. Mr. Hinton's grandstanding and ego trips have seemingly lost him credibility with the board and in view of his comment below, his bast concern for public money is questionable. Despite his objections . . .

"Twinning Speyside with Robert Little will mean a saving of only \$7,000 . . . and to worry about that much money is silly . . . ' (Acton Free Press, 4/19/78 page B6).

he was overruled by the Board. There is a saying that Mr. Hinton has been a strong unifying force on the Board is unified against Mr. Hinton. He has lost credibility with teachers

also, ie. by going into schools purportedly to investigage certain complaints put to him by parents but refusing to answer questions as to the nature of these concerns. His statements are often inconsistent

and lose him credibility with voters, as when one reads in a single article in your newspaper (4/19)78) that on one hand he

Middle schools are a real threat to small schools." and on the other hand.

"Mr. Hinton emphasized that he thought the middle schools in North Halton were 'fantastic and highly organized." He has gained nothing for the area but

seems to have only aimed to serve his own image. This area cannot afford this representation for another term.

Sincerely yours, Eva Sansom, R.R. 4, Acton

Made voice heard

In last week's Acton Free Press, Eva Sansom described Bert Hinton (1977-78 Member, Halton Board of Education) as a handsome man, who has cultivated a high profile, lagree.

As a responsible citizen, parent, taxpayer and Board member (1966-77), continue to be interested in returns, for both short and long term, as education is so very important to development and format of our Society. Unfortunately, many taxpayers are not aware that considerably more than 50% of our tax dollars are being used for Education.

In my experience, I am quite familiar, with practices and procedures used by high priced, massive administration and teachers organizations to influence and brain-wash the Board and the public, in the adoption of policies and programmes to extract more dollars from the public purse. Management, therefore, is of prime

importance. In this, the organizational chart should be complied with. Therefore it takes strong characters who are not discouraged, to face the storm.

From Mrs. Sansom's letter, there is no doubt that Bert Hinton, as a Board Member, has made his voice heard. Unlike some others, he has not sat silently by; and, while not all issues have been won, viable seeds have been planted. In this regard, I have watched Bert Hinton in action. He is sincere, and objective. His initiative has stimulated discussion. There has been a change in attitude. One would conclude, therefore, that

continuation of Hinton's service would be desirable and helpful, particularly, as he has now become more familiar with the many problems and issues-hopefully with possible solutions.

R.E. Goodin Oct. 30, 1978

Something positive

R.R. 1, Acton, Ontario October 28, 1978

Despite the negative revelations of Eva Sansom in her letter to the Acton Free Press, October 25, I would like to say something positive about Bert Hinton.

Dear Editor:

Hinton's effective action brought swift resolution to a school bus problem we had. While the transportation people's priority

was only time and money, Hinton was immediately concerned with the children's well-being.

The Sansom letter, which unconditionally damns Hinton with personally cutting comments about effectiveness, grandstanding and ego-tripping, ironically appears to be a case of the pot calling the kettle black

> Yours truly, L. Johnston
