

Jelinek poll

Take away right to strike—voters

Most voters in Halton Conservation candidate Otto Jelinek's present riding (High Park-Humber Valley) feel the right to strike should be taken away from those working in essential services, according to a poll the MP took recently.

Jelinek said he received 2,000 returns from the 35,000

households in the city riding. Eighty-three per cent said "yes" to taking away the right to strike, while 12 per cent were not in favor and three per cent were undecided.

His seven-part poll also asked if people favor the PC party proposals on mortgage interest and property tax

deductibility, and 64 per cent said yes, 20 per cent no.

On constitutional changes, 33 per cent favored changes, while 52 per cent were not in favor. Wage and price guidelines should continue to be enforced until such time as inflation is brought under control, said 79 per cent,

while 12 per cent felt the guidelines should be dropped.

Capital punishment for first degree murderers found favor with 80 per cent of the respondents. Twelve per cent were against it.

Closest vote was seen in abortion on demand, which 43 per cent favored and 41 per cent rejected. A further 15 per cent were undecided.

Asked what they feel are the most important issues affecting Canadians today, the respondents listed them in this order: Inflation, government spending, unemployment, strikes and walkouts, national unity, immigration, and law and order.

Dufferin gets job

A \$1,683,430 contract for snow clearance at Toronto International Airport has been awarded to Dufferin Construction Company Limited, Oakville.

Dr. Frank Philbrook, the MP for Halton made the announcement on behalf of Transport Minister Otto Lang.

The contract runs from Nov. 15, 1978 to June 30, 1981, and includes snow removal and ice control for the aircraft apron areas as well as roadways and parking areas around the terminal building. The contract does not cover snow removal on the runways. This work is carried out by Transport Canada.
