Hi School Happ'nins

Brighten up walls

By Olga Tarnawsky "Help beautify M.D.H.S." was the theme of semester turnaround. The Action Students Committee diligently devoted their break between semesters to modify the cafeteria and blurt walls throughout the school.

The main hall stairway was illuminated with a modern design by Aida Jaresik which stretches well above seven feet high. High up in the accounting and marketing halls, a mellow mural of "Heavens" with seagulls now brightens the walls. The artist was Carolyn Chuchmach. As you make your way to the other end of the school,

the tech wing's strength and creativity are displayed by an oriental dragon sketched by Susan Pickett and Theresa Chuchmach.

But the biggest and brightest change took place in the cafeteria. A large food circle, as depicted by the "Canada Food Guide" pamphlet, was painted on a partition of the cafeteria's "express line" booth. The muralists here were Carlene Daly, Mark Goulding, Lynn Goulding, Monica Heaney, Cathy Chuchmach and Michele Callan.

On another wall a captivating design by Glenn Story, consisting of

superimposed squares, was painted by Stuart Hill. And to add that comfortable touch, blue and white curtains sewn by Mrs. Klip, a staff member were hung.

The student council was put a lot of time and effort into this project and it certainly shows, for the cafeteria has never looked this good in all my years at Milton High. Believe it or not, the cafeteria actually looks like a cafeteria!

It was a worthwhile challenge and student council members have a lot to be credited for.

Last week's Casino Night had to be cancelled, for reasons beyond the control of organizers. It has been rescheduled for Thursday, April 26.

Keep a cheap pair of sunglasses pinned to your clothespin bag. They'll come in handy when you hang wash outdoors on a bright day.

Wash beer glasses separately, rinse in water to which a little white vinegar has been added. They'll come clean right away.

Even without rubber gloves you can scour a pot without harming your nails: push the scouring pad into the bristles of a small round vegetable brush.

WILL SOFT WATER AFFECT MY SEPTIC TANK?
