

Heather Kerkhof and Kenneth Stewart Doherty were recently married at Holy Rosary Church.

Kerkhof-Doherty Moffat home for couple

Heather Catherina Kerkhof and Kenneth Stewart Doherty were joined in marriage at Holy Rosary Church, Saturday June 5.

An employee of Milton provincial court, the bride is the daughter of Harry and Ria Kerkhof of 5180 Fourth Line in Milton.

The groom is the son of Mr. William Doherty of London and is employed by Baron Color.

The double ring ceremony was held at 3 p.m. Acting as maid of honor was Sue Falbo and Darlene Kerkhof was bridesmaid.

The bride was given away by her parents. The groomsman was Brent Laughton and ushers included Brian Potter and Kevin Kerkhof.

A dinner and evening reception was held at the Milton UAW Hall with 100 guests in attendance.

The couple spent their honeymoon in Atlantic City prior to returning home to reside in Moffat.

Land severance fails

Government can take 2,000 acres of land out of agriculture, but a local lawyer can't do the same with 65 acres.

That's the message members of Halton's planning and public works committee gave Milton lawyer Peter McWilliams last week in rejecting his request for them to drop an appeal against a land severance he had been granted.

Mr. McWilliams had applied to sever 10 acres from a 75 acre parcel he owns at the south-west end of Milton. The land division committee approved the severance, but Regional council successfully appealed to the Ontario Municipal Board to have the decision reversed.

A later request by Mr. McWilliams for a review of the OMB decision was also rejected.

In his presentation to committee members Mr. McWilliams said the land is currently zoned industrial and his plan is to keep the 10-acre parcel for a retirement home and hobby

farm. "The OMB did express some surprise that the Region is making such an issue out of this severance," he said, adding "I'm also frustrated at this series of governmental interferences in our right to use the property as we see fit."

"The site isn't far from the 600 acres this Region is going to take out of farming for a garbage dump, nor from the 1,400 the Town has zoned for an industrial park," he said, adding that the farm uses he plans for the 10-acre parcel would be more intensive than the current uses.

"In those terms this is a totally insignificant amount," he said.

Rash Mohammed, Regional planning director, said the only way for Halton to grant Mr. McWilliams' request would be to change the policies laid out in its official plan.

"Until those policies are changed, my response to this has to remain the same," he said.
