## Follow the rules when hunting

WITH THE HUNTING season fast approaching, there is always a great many people who don't follow the simple rules.

This year, the Ministry of Natural Resources has it all written out for you in their summary of the Hunting Regulation. These pamphlets are readily available from sports stores and resorts who cater to hunters. The Halton Sportsmen's Association only got a limited number this year.

For those of you who do not know the rules and regulations, here are a few simple rules for you to follow:

—Every person must have a valid licence to hunt any animal or bird and must have it with him while hunting. He must show it to a conservation officer if requested to do so.

—A person must not participate in hunting or killing any species unless he has a licence to hunt that species. Protected animals may be hunted only during an open season.

—Residents and non-residents must be 16 years of age or older before being eligible for a licence to hunt. Residents only may apply at 15-years providing they first obtain consent in writing from both parents or a legal guardian.

—Contact your local police department for information about the requirements for firearm ownership. Firearms acquisition certificate and Minors Permits (for those under 16 years of age).

The rules you are about to read are the same as they have been for years. But we all should read and study them to improve our hunting manners. They are also posted in many sportsmen's clubs.

1. Request permission to hunt and conduct yourself so that you will always be welcome in the future. Always consider yourself an invited guest of the landowner.
2. Invite the landowner to hunt with you, follow his advice on areas to hunt and offer to share your game with him.
3. Hunt only in areas designated by the landowner and observe safety zones around buildings.
4. Demonstrate you are a responsible and ethical hunter by obeying firearm safety rules, game laws and regulations. Insist that your companions do likewise.
5. Respect the landowners' equipment, livestock and fences. Leave all gates as you found them. Report any damage you see to the landowner.
6. Control your dog and stay out of unharvested crops.
7. Pick up all spent shell cases and litter.
8. Acquire the skills and knowledge of a responsible hunter by continually improving your marksmanship and your knowledge of wildlife species field care of game and principles of wildlife management.
9. Support Conservation efforts, wildlife management programs and provide an example to broaden public understanding of hunting.
10. Thank the landowner for the privilege of hunting on his land.

We think if all of us followed these few simple rules, there would not be so many lands with "No Trespassing" and "No Hunting" signs.

 Dominating the game from the outset, Milton Ontario Tree Fruits major mosquito soccer reps built a three-goal, first-half lead and coasted to a comfortable 4-0 win over Clarkson last Tuesday at Brian Best Park.

Colin Grieve paced the Milton offence with a pair of markers with Patrick Penman and Glen Innes adding singles.  
 Grieve opened the scoring 16 minutes into the game. Steven Dall crossed a low ball from the right wing and Grieve rocketed a left-footer into the goal.

Four minutes later, Grieve notched his second goal with a well-placed header from a high cross from Penman.

The excellent goaltending of Brent Kocher, which included several point-blank saves, made a large contribution to VideoFlicks effort. John Cheeseman played a good two-way game for Purulator.  
 Puncet Kapur and Jonathan Hodge split the goaltending for Purulator. The strong defensive game by Eric Devine and Jamie Ward of VideoFlicks kept Purulator's scoring chances to a minimum.

# Tandem hot with 2 wins team rounds into shape

Milton Tandem Computers minor atom soccer reps met Bolton at Brian Best Park recently and took this one by a 4-2 score.

Milton took the play to Bolton throughout the game and were rewarded with four fine goals. The first came from a brilliant run down the left wing by Corey Howitt who drew the defence to him before laying a perfect pass across the front of the net where Gino DeAngelis made no mistake by crashing it home into the top right of the net.

The menacing Howitt again zig-zagged down the left after receiving a fine pass from Kevin Fontana, via Kevin O'Donnell, cut into the penalty box and from an acute angle drive a left-footed thunderbolt of shot rocketing into the roof of the net to make it 2-0.

DeAngelis played his best game this year with some fine footwork and determined hard work. Bolton made it 2-1 at the half after the Tandem defence were caught napping at the back.

Milton kept up the pressure in the second half with Dominic Walker, Colin Catherwood and Glen McBryde coming up big on quite a few occasions. Some fancy footwork from Blair Zachary and the quick-tackling Scott Woods rounded off Tandem's defensive control.

Stephen Hodgson gave this Bolton squad more than one headache showing some super soccer skills when he laid a great pass to Howitt who cut it across the front and Fontana made it 3-1 for the Computers.

Again pressing, Tandem was awarded a free kick about 25 yards out. O'Donnell stepped up and made it 4-1 direct from the free kick. Bolton made the score a bit more respectful by crashing one in with about five minutes to go.

Best for Tandem were Darnell Vrban in goal, Walker and McBryde and up front DeAngelis, Fontana, O'Donnell, Hodgson and Howitt.

The club's hot fortunes continued last Tuesday when the team rolled into Guelph and then rolled back with a 5-0 victory under their belts.

Milton started slowly but went ahead 1-0 when Mike Cox found the range about midway through the opening half. The goal stood up for the rest of the half.

Tandem settled down in the second half and applied pressure on the home team with goals

coming from DeAngelis, Fontana, O'Donnell and McBryde who netted the fifth goal from the penalty spot.

Best for Milton were goalie Darnell Vrban, Walker, Scot Woods, Hodgson, O'Donnell, Cox and Fontana.

The two wins have given the club added confidence which Tandem will need when they play Burlington this week.

# Acton severely bitten by Courier mosquitoes

Weather Bulletin—Hot front from Milton causes irreparable damage to Acton for past two weeks. This front brought with it a swarm of mosquitoes, who took siege of an Acton field last week and was seen again this Thursday hovering over E.C. Drury.

Milton Purulator Courier minor mosquito rep team played Acton last Thursday and defeated them 9-3. This Thursday they repeated their performance again with a 7-0 romp.

Unlike your common variety of mosquito, with this Courier strain the male also bites—especially the Mark Harrison type, which has been known to inflict as many as five bites in just over an hour.

Milton has met Acton four times this season and has now notched all four wins. The team was hot again Thursday, although for a few seconds at the start, it looked like Acton would get on the scoreboard first. But a puddle (a well-known nesting place for mosquitos) prevented them from succeeding.

From that point Couriers took full control. Mark scored his first of the game followed by two little nibblers, Scott Devlin, and Robby Mifsud, each taking a bite. Harrison came back for another nibble, giving

Milton a 4-0 lead at the end of the half.

Not all Courier mosquitos bite. Some are known as defenders, and remain close to home. There are three types; the Daniel Belvedere, Bill McIntyre, and Mark Heathcote, who are known to be strong defenders of their home ground.

In this week's game, as last week, these three put on a steady performance and gave goalie Lee Finch little opportunity to test his skills. Although when the occasion arose, Lee met the task well, and was rewarded with his first shutout of the season.

Several varieties, emerging from their pupa stage, (better known as summer holidays) put forth strong efforts to insure their team of a victory: Matthew Burke, Paul Brodeur, Dave Seymour, Sean Wakely, and Ian Troake.

Mark Harrison sharpened his stinger and dominated the second half with three goals to lead his swarm to the 7-0 win.

It is rumored that Acton has purchased a giant rat of "Raid" (House and Garden) for next season when these minor mosquitos will become a major problem.

## Videos find '10' unlucky number

This last week Milton Halton Video major atom reps were matched against Guelph and went down for the count of 10 in more ways than one.

They were beaten 10-0 by 10 players (everyone except the Guelph goalkeeper), and to do this they appeared to only give a 10 per cent effort to get the loss, much different to the previous two weeks.

Guelph scored their first three goals on successive corner kicks, then added two more to end the half ahead 5-0. Guelph added five more in the second half, with the Guelph coach juggling his players to try to slow them down.

Players of note for Videos were Bill Moffatt and Tim Spencer.
