

Milton IODE

French trip discussed

The September meeting of the IODE John Milton Chapter was held at the home of Regent, Mrs. Marie Clements, on Appleby Line where members enjoyed the scenic surroundings and a pot luck dinner for the beginning of another season. Minutes of the last meeting were read and approved. The treasurer's report was submitted and committee reports received. Mrs. Lillian Gowland reported that several knitted articles had been turned in by members and four boxes were ready to be delivered to Hamilton Headquarters for distribution to Labrador and Northern outposts. Mrs. Clements passed on the information regarding the 83rd National Annual Meeting held in May at St. Andrews-By-The-Sea, N.B. which was very successful and had record attendance of members from across Canada. A highlight was the presenta-

tion to a representative of the Newfoundland and Labrador Provincial Department of Education of a certificate denoting that \$90,000 had been raised to date in the "Invest in the Future" Labrador Birsary Project. The 1984 national annual meeting will be held May 15-19 Empress Hotel in Victoria, B.C. We had an interesting evening seeing pictures and hearing how our Regent, Mrs. Clements, spent her summer. She attended the University of Toronto French immersion course held on the French Islands at St. Pierre and Miquelon. Although only twelve miles off the coast of Newfoundland, they are completely separate from North America having close association with mainland France from where their supplies come once a week, and a warship is dispatched there once a month to make their presence felt.

Blair evening meeting held

St. David's Presbyterian Blair Evening Auxiliary at Campbellville was hosted by Mrs. George Hinshelwood of RR 2 Campbellville on Wednesday evening. Mrs. John Fowler presided and introduced the guest speaker Miss Ellen Hurren of RR 2 Campbellville, the 1982-83 Halton Dairy Princess. She spoke on the life and the work as a princess, who competed with 10 other candidates and received a dual-purpose calf for her efforts. She highlighted the importance of nutrition and milk in our daily diet. She conducted a dairy food quiz and served two dips and fresh vegetables. Mrs. Omer VanSickle gave the secretary's report and a

historical review of the society which started in 1936. Mrs. Rudy Koster gave the financial report and Mrs. George Ingis the cheer report. Mrs. Dirk Boomhouwer took Glad Tidings subscriptions for next year, and 1984 calendars were to be ordered. The Sat. Oct. 29 bazaar plans were made. Tickets will be sold at Milton Mall Sept. 30 and Oct. 1 also Burlington Mall Oct. 6, 7, 8. A donation of \$35 was made to Vacation Bible School expenses, and plans to cater Oct. 15 for a local wedding. A craft course will be conducted on Wed. evening Oct. 19 at St. David's Church 8 p.m., cost \$5.00 each. Please bring a 1/4 metre of your own material to start with.

Legion notes

More planned by members

By GEORGE CORBET
Milton Branch No. 136
In entertainment our first and second pub nights have been a success. Even though the crowds are small, the people showing up are having a great time, so come on down, have some fun and make these nights even better. Pub Nights are being changed to Saturdays to allow for Legion activities. Next pub night will be Oct. 1. The Hallowe'en Dance will be held Fri., Oct. 28 with Townline entertaining. Remembrance Day, dinner and dance will be held Nov. 11 with the parade on Thurs., Nov. 13. New Year's Eve dance (its not really that far away) with Catch-22 performing that night.

If there are any suggestions for entertainment please let your chairman, Dunc Currie know. In the area of sports your chairman Terry Young reports that the Legion Sunday Morning Slo-Pitch Team beat the Milton Elks 12 to 11, to wrap up the regular season championship and then went undefeated in the play-offs for that Championship. Nice baseball guys. Friday night euchre, open to all players, and the Tuesday Night Men's League start in Oct. Contact Terry for exact dates. Special thanks to our float chairman Jamie Fay for donating his bucket truck for the Christmas parade.

Police reflect need for safety

In order to reduce accidents to police cruisers and make the patrol cars more visible to the public, the Halton Regional Police are adding reflective markers to the vehicles. A broad strip of medium blue reflective tape will be put down the side of the white patrol cars. In addition, the new police crest will be reflective along with the police phone number. Initially the force will start by marking the 18 new vehicles it has ordered, including 12 cruisers with the tape. The cost is \$40 per vehicle. This will be followed by the marking of the 1983 vehicles, said Robin Hale, administrator for the force. Along with the reflective marking, the force is going to utilize a lighter blue paint in the cruisers.

Mr. Hale said research has determined the number of accidents with police cars is related to population density. This is reflected locally by the higher number of accidents in Burlington than in other Halton municipalities. Benefits expected from the reflective material, along with fewer accidents from the greater visibility, include increased effect on reducing traffic speed, greater effect on highway safety, improved public relations through higher visibility and a greater deterrence of crime, said Mr. Hale. It is expected the new decor of the car will improve morale as the vehicle is more "professional" looking.
