

Participants in G & C have a good time, I think

Oh, what a lovely weekend! The weather was great, the guys' G&C was a resounding success, and once again Bob Armstrong walked away with the honours.

I called several participants Sunday night for a blow-by-blow report, but as they had just got up, I can't report any thrilling results! I can report that the bar at the club is already half-way to reaching the total objective for the year!

I got it on pretty good authority (my husband) that the new guys look like a pretty bad bunch—that's a compliment by the way! If you have any new jokes please tell them to him!!

Thanks to Jo McDuffe and her handpicked crew for getting, what looked to be, a great meal organized for G&C Day. It's amazing how many tatties can be scrubbed, debugged, de-eyed, halved, foil-wrapped and tossed into the oven, with one hand—the other hand wrapped firmly around an ice-cold glass!

Jim Plumtree asked for a special thank you to the following: Thornton Tasker, Sid Shanks, Ed McPhail, Tony Amott, Brian Smith, Craig Thomas, Morley Raspberry, Bill Thompson, Mel Dolby, and Al Brownridge for all their help in putting in the ice and painting the ice surface. No more excuses for missing the house—you can't miss it!

Don't forget practice during the day for ladies this week, and practice in the evening too.

This is the week where you banish once and for all, those nasty habits like throwing the broom and using the magic word repeatedly (right L McG?) with so many spels coming up: Hospital benefit, Calcutta, Gay Lea, etc. We should see a lot of familiar faces out this week. It's too early to start blaming the ice guys!

Well, that's all for this week. Except for all those curlers who participate in the Milton Oldtimers slo-pitch, I have to tell you that YHR got his today!
There will be a lot of guest spots this year

curling cues

with **BARB BURTWISTLE**

or a certain picture will find its way to the Milton Champion!! It has something to do with a certain wild lunge at a certain Remax pitch and a certain very white, very dignified, very large, ball continuing its graceful downward trend in front of the mat. How sweet it is!

Husky champs of Halton loop

For the second straight year, Husky Trailers captured all the silverware in the Halton Men's Softball League winning the best-of-five championship series three games to two over Lord & Baron.

Husky, which earlier captured the league title, received a two-run inside-the-park homer from coach Al Johnson which staked them to a 2-0 lead and they held on.

Lord & Baron threatened in the last inning when the club loaded the bases with none out. But Husky hurler Peter Market-John settled down and allowed just one run to secure the win and the title.

Burlington stops Hardware 5-3

A hat-trick from Carolyn Grasby just wasn't enough as Burlington scored a 5-3 win over Milton Home Hardware in Halton intermediate girls hockey action Sunday at Milton Sports Centre.

Burlington's Nadine Sweet spoiled Milton's home opener with three goals and an assist. Tina Hamill played well in goal for Milton and good efforts for Hardware came from Christina Bacon and newcomer Shannon Fraser.

BLUEPRINT FOR WASTE MANAGEMENT

The Ontario Ministry of the Environment has developed a comprehensive proposal of new programs, controls and regulations for the better management of eight million tons of solid waste and the 60 million tons of liquid industrial waste generated in Ontario each year.

Information meetings to explain this Blueprint for Waste Management have already been held.

Now interested persons or groups will be given the opportunity to make written or oral presentations on the subject at a series of public forums being held throughout Ontario.

PUBLIC FORUM

Friday, October 28
2-4:30 p.m. and 7-9 p.m.
Holiday Inn, East Centre Room
360 Iroquois Shore Road, Oakville

Written submissions are preferred but verbal presentations, accompanied by a written summary, are acceptable and will be heard in the order that notices of intention are received.

Advance notice of presentation may be made by writing or phoning your local Ministry of the Environment office.
