

Player's play nearly ready

The Milton Players are into the final stages of rehearsal for their first theatre production of the season, Boeing-Boeing, to be performed Nov. 17, 18, 19 at the Halton Centennial Manor on Ontario Street.

The comedy concerns a swinging bachelor's attempt to maintain three attractive flight attendants as fiancées. He tries to romance each of them like a shuttle service, with one flying in just as another is leaving. However, his "well-organized" plans are thrown into chaos when all three arrive on the same day.

Members of the cast include: Keith Crawford as Bernard, the swinging bachelor; Phillip Gray as Robert, a visiting friend of Bernard's; and Penny Carlos as Bertha, the outspoken maid.

The three flight attendants are: Christiane Goulet as Jacqueline, Mary Elena Rush as Judith, and Sharon Grega as Janet.

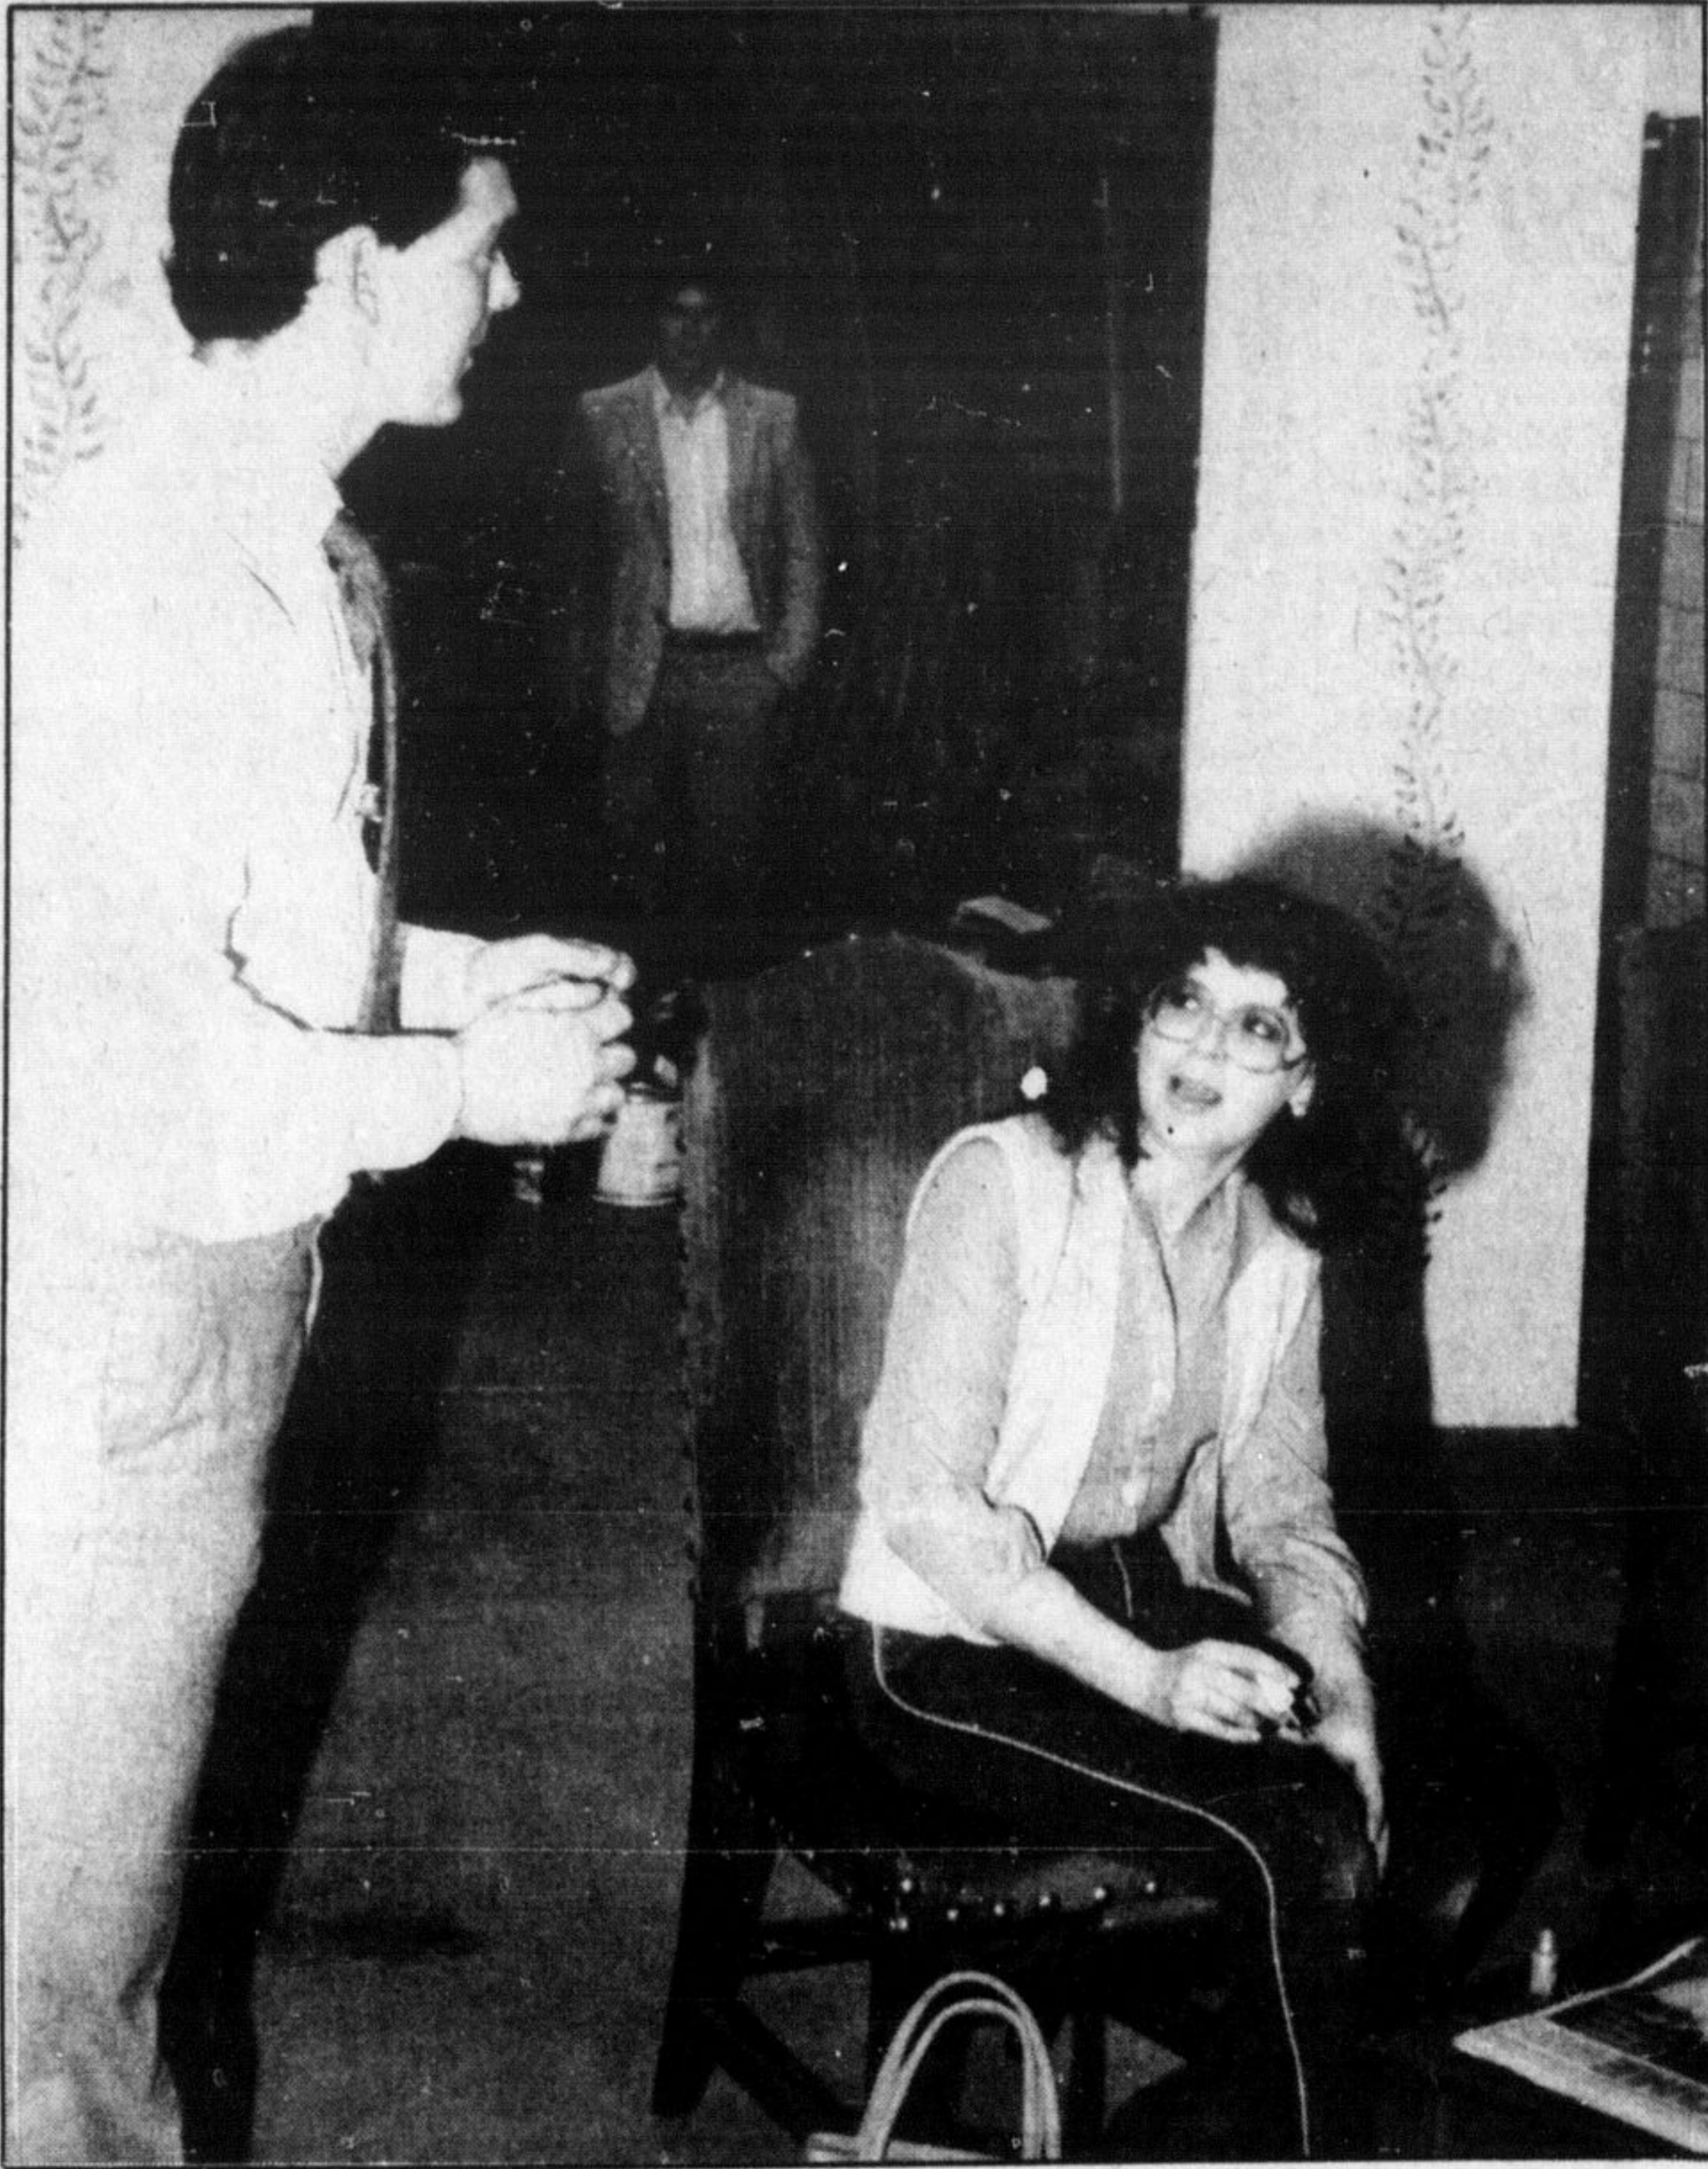

Tickets are \$5, but only \$3.50 for senior citizens and students. They can be purchased at Can Travel at the Milton Mall and at the door.

The play begins at 8 p.m. each night and runs for about an hour and a half.

"We are looking for a good turnout to help us kick off the season as we continue to strive to offer live theatre that is more accessible than the Toronto market for the people of Milton and the Halton Region," said Mary Elena Rush, president of the group.

Encouraged by the sellout audiences for its dinner theatre last season, the players will be having a dinner theatre again this season. Details will be announced shortly.

Meanwhile, the group is always looking for new members. Not only are there acting roles to fill, "but prospective members may want to get some experience, or have some fun, in the producing and directing areas too," said Mrs. Rush.

The Milton Players open Thursday evening with the comedy "Boeing Boeing". On Friday they were polishing up their lines during rehearsals held at Ontario Door Sales. Keith Caskin, left, who plays the male lead, Bernard, is shown in a scene with Sharon Grega, who plays the part of an American airline stewardess.

Hydro running wild, MPP tells meeting

Halton-Burlington MPP Julian Reed lashed out at Ontario Hydro at a recent meeting of the Oakville Provincial Liberal Association.

"There is no doubt in my mind that the government is allowing an uncontrollable spending program by Hydro," Mr. Reed told a scant gathering at Oakville Trafalgar High School.

"I can easily predict the price of electricity will double by the end of the decade," he added.

Mr. Reed predicted the provincial Liberal party, under the direction of leader David Peterson, will be challenging the government this fall about Ontario Hydro.

"The issues will be more broadly based, but I can assure you that Ontario Hydro will be top ranking," said Mr. Reed.

Currently national resources critic for the provincial opposition, the Norval resident served for six years as energy critic and four of those years on the Hydro select committee—a type of hydro watchdog committee that was disbanded.

"We have said that this committee should be reconvened," said Mr. Reed. "We need to bring back some kind of public scrutiny."

Another goal of the Liberals will be to try to introduce an act respecting Hydro accountability to the Legislature.

According to Mr. Reed, the Minister of Energy cannot speak on behalf of Ontario Hydro in the Legislature and does not have the power to defend the crown corporation.

"Under the legislature that created Ontario Hydro, they are not answerable to the Minister," Mr. Reed said after the meeting.

"The minister can act as a news bearer and that's all," he added.

He said the only type of "peripheral" control is exerted by the Ontario Energy Board, but Mr. Reed said Ontario Hydro can withhold some information.

"In effect, they can thumb their noses at them," he said.

It is for this reason the opposition will try this fall to have the Power Corporation Act amended to have Ontario Hydro develop a "clear cut policy."

Mr. Reed pointed to Hydro's debt capacity ration, which he maintains has "escalated" since he has been in the Legislature.

"And the government is continuing to allow these facilities to continue unchecked," he said.

United Way is near goal

The United Way of Milton campaign to date has done 38 per cent better than last year.

Campaign manager Heather Smith said the fund has made \$37,000 more than last year which she described as "a direct reflection of community confidence and support."

Received to date is \$30,880 and pledged to date is \$20,430 for a total of \$51,310.

The target for 1983 is \$83,266 and the campaign manager said she wants to stress that people should not rest on their laurels but keep new money coming in and get those pledges in as soon as possible.

The highpoint of the campaign has been the residential campaign which is at 81 per cent of the goal, or \$16,868 of a targeted \$20,766.

Industry is at 56 per cent of the goal (\$21,814) or (\$39,000); professions is at 25 per cent of the goal (\$1,643 or \$6,500); and government is also at 56 per cent of the goal (\$5,600 of \$10,000).
