**Feature of the Week**

**HEALTH = DLS**

A writer of years gone by once penned that "health is wealth". One's life is rich only when one has the health, vitality and energy to pursue dreams, goals and relationships. How happy is one who feels tired, overweight, depressed or pain-ridden? It is our desire to deepen interests in products that contribute to VIBRANT health.

Health DLS is now a Main Street feature that offers one of the largest selections of nutritional products, vitamins and supplements. In addition, nutritional counselling is available to those new to holistic healing who want help in becoming healthier, thus wealthier. We hope to make a small contribution to the field, for an informed consumer must be assured that he is getting the best value for every health dollar he invests in himself or his family.

In closing, we THANK all in this friendly Milton community who have overwhelmed us with their warm reception. So quickly we have been made to feel part of the team -- an even healthier team in days ahead!!

## Young Drivers helps parents say yes to drivers' licences.

**W**ant to go for your licence? Trying to persuade your folks? Why not bring them to a *free* parent-teen co-driver session at Young Drivers of Canada? (Or call us for a free video brochure!) We can show Mom and Dad that with YD-s famous risk perception, emergency maneuvers

and collision avoidance training, you'll be able to handle the responsibility of a licence. After all, we've already trained over half a million people to drive as if their lives depended on it. Just call Young Drivers, and say the word. We'll reserve your seats. And maybe they'll let us put you on the road!
