A trip through Milton's Past

Carriage Square, a 1986 development occupies land which was central to Milton's beginnings. The town's first private hospital, operated by Dr. C. K.

Stevenson from 1943 to 1959 was located near this site as was the town hydro generating station.

Young Drivers helps parents say yes to drivers' licences.

Want to go for your licence? Trying to persuade your folks? Why not bring them to a free parent-teen co-driver session at Young Drivers of Canada? (Or call us for a free video brochure!) We can show Mom and Dad that with YD's famous risk perception, emergency maneuvers

and collision avoidance training, you'll be able to handle the responsibility of a licence. After all, we've already trained over half a million people to drive as if their lives depended on it. Just call Young Drivers, and say the word. We'll reserve your seats. And maybe they'll let us put you on the road!
