 sories. In business serving Milton since
 1981.

EXECUTIVE DIRECTORS REPORT

by Sandy Martin

1998 Chamber of Commerce Business Directory

We are well underway to bringing the Milton community the best business directory of the decade. Partnering with the Milton Canadian Champion we expect the publication to hit the streets in late September.

The Chamber of Commerce is responsible for all the information found within the pages of the directory. This information is gathered throughout the year from various sources and inputted in our database. During the months of June, July and August our summer students telephone or fax each business in Milton and area for an information update. This phone call is very important to you, the business owner because it is at this time that you can make sure the information we have for your company is accurate and up to date. Please take the time to work with our students.

The Canadian Champion is responsible for marketing the directory to the business community. Advertising in this publication is an excellent investment because it is circulated free of charge to every home in town plus is available to visitors and newcomers at the Chamber office. It is the only comprehensive listing of Milton Businesses. The advertising rates are two tiered with the lower rate given to our members. However, the rates have not increased in 3 years.

If you are a member of the Milton Chamber of Commerce you will receive three free listings in the directory in the categories of your choosing. If you are not a member of the Chamber of Commerce your business will receive only one listing in the directory under the category most descriptive of your business.

If you have returned an Information Update form you will not be telephoned during the next two months, otherwise all businesses can expect and look forward to speaking to one of our summer staff.

If you are a new business and would like a listing in the business directory please call the office at 878-0581 and we will be pleased to add you to the database.

COMING UP

Tuesday, June 24, 1997
