EGIONAL REPORT

by COUNCILLOR COLIN BEST

For interest to Chamber members, a number of activities are occurring at the Region during the summer. On July 9th Regional Council will be approving Milton's new Official Plan setting the stage for a new Zoning By-law for the Town, and the preparation for new urban secondary plans around the current urban area.

If you have any questions or want to be involved in groups considered Commercial, Residential and Industrial zoning please call Bill Mann of the Town Planning Dept. at 878-7211.

Also the Region and Town will be responding to the Greater Toronto Servicing Board proposals put forward by Milt Farrow by July 31st for Provincial consideration and possible adoption by January 1st, 1998.

Both the Region and all area municipalities are participating in an Area Services Review, a detailed study on how all area governments can reduce costs and improve services for all taxpayers, if you have any comments or ideas to improve both Regional and Town services call me at 878-3623.

By the end of September the Regional C.A.O. Barry Malmsten will be bringing recommendations on servicing for the Milton area including the Peel connection and other options to allow Milton a balanced growth strategy of residential, commercial and industrial development in keeping with public concerns for a better community not just a bigger one.

In the meantime have an enjoyable and prosperous summer!
