

Television Video Game!

MODEL BA7600  
MAGNAVOX ODYSSEY<sup>2</sup>

The Ultimate Computer Video Game System

Odyssey<sup>2</sup> is a source of fun, games and learning for the entire family. It easily attaches to any TV... and telecasts in rich vivid color on a color TV. An alphanumeric keyboard commands this new kind of microprocessor video system that is infinitely more sophisticated than ordinary home TV games... even surpasses most arcade games! Features include multi-level play capability, on-screen digital read-outs and sync sound action. A variety of sports, learning and arcade games are now available; more are on the way. Included with Odyssey<sup>2</sup> are two action-packed arcade games and one mental block-buster: Speedway, Spin-out and Crypto-Logic!

Portable Colour TV!

**CT 1302**

34 cm (14") Portable Colour TV

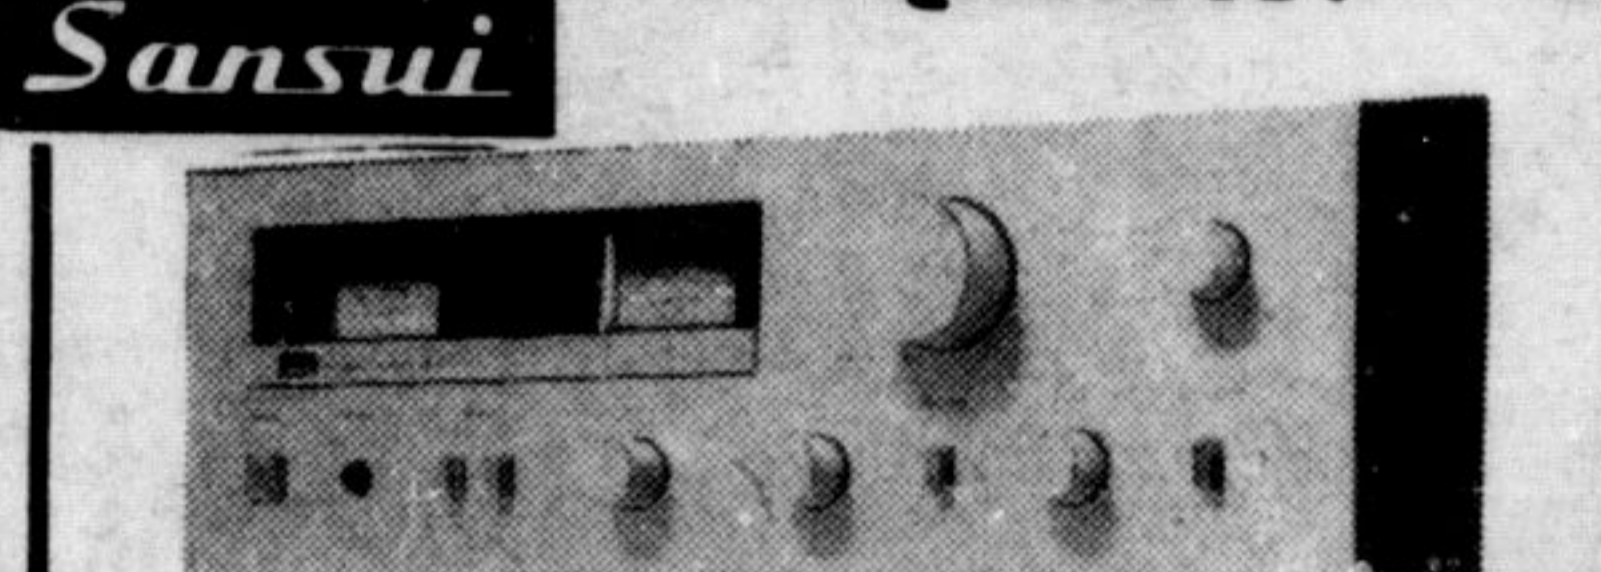

This all-new 14" colour portable is ideal for the playroom or cottage! Hitachi's proven Luminar 20 System delivers the clearest, brightest, most reliable picture ever. And the 100% solid-state chassis offers dependability beyond compare, uses an average of only 58 watts of power, and gives excellent fringe reception. The Quick-Start feature provides sound and picture instantly, and once you're tuned to a station, the Electro APS locks in signal perfection electronically... automatically! White Peak clip circuitry gives extra definition to white lines and eliminates blurring. And the lightweight woodgrain finish cabinet is extremely versatile. Dimensions (W x H x D) 458 mm x 343 mm x 407 mm (18" x 13 1/2" x 16").
