

P. McKenzie replaces Coxe on conservation

Halton Hills councillor Garnet W. (Pat) McKenzie has been named replacement for Len Coxe on the Halton Region Conservation Authority.

At his initial meeting Thursday night Mr. McKenzie said he regretted the way his appointment came about but that he believes in conservation and will do his best in the job.

New vice-chairman Mr. Coxe, whose sudden

death last month shocked fellow members of the Authority, was vice-chairman of the conservation body. He was replaced in that position by Councillor Kelly New of Oakville.

Oakville Councillor Terry Mannell resigned from the Authority Thursday evening because of a conflict of meeting nights with Oakville town council. It is expected he will be replaced by an Oakville citizen.

Camera Club forming here

Milton camera enthusiasts will have a chance to get together and compare techniques when a new camera club is formed next week.

Organized by John Hickson and Mike Primok, the club will meet for the first time Wednesday, Oct. 15 at Robert Baldwin School at 8 p.m.

"This will be a fun thing," Mr. Hickson explains, "it isn't intended to be a heavy club where impressive types meet, carrying around big cameras."

All types
Brownies, Polaroids and instamatics will all be permitted and a full program of instruction is planned with professionals visiting from time to time. Active participation will also be encouraged by camera companies and photographic manufacturers.

Anyone over 14 years of age is invited to join the group of enthusiastic amateurs.

ELECTRIC FIRST
Most frequent causes of building fires are, in this order: electrical; smoking and matches; heating and cooking equipment; children and matches; open flames and sparks; incendiary or suspicious actions; flammable liquids; lightning; chimneys and flues; and spontaneous ignition.

Learn why more than 2,000 other Canadian families built Beaver "Manufactured" Homes in 1974.

When you build a Beaver "Manufactured" Home, Beaver actually does a lot of the work for you. In other words certain major components, such as all interior and exterior wall sections, and all roof trusses, are actually pre-built for you in one of our modern factories. These precision manufactured components are then carefully packaged along with precise quantities of all necessary building materials and delivered right to your building site. That's how the Beaver method saves you money, by minimizing on-site labor and reducing costly waste material. And that's why a Beaver "Manufactured" Home is faster and easier to build than any conventional home.

Another real advantage you get is the option of being your own contractor and hiring sub-trades, or hiring a general contractor to do everything for you, or you can do it yourself. The choice is yours but remember, the more you do, the more money you'll save.

So if you're buying a new home, take a tip from more than 2,000 other Canadian families who built Beaver "Manufactured" Homes in 1974.

Tennis club . . .

(Continued from Page One)

He said the club did not need the \$5,000 and should renounce any connection between the club and the committee.

Keith Houston, the only one of the three trustees at the meeting, indicated that the money was invested and if the tennis club renounced the committee, the funds would eventually fall to the town.

Seek more info
After a long and involved discussion the club voted against Wollaston's motion and instructed the executive to set up a committee and seek more information concerning the fund, then make recommendations about what should be done.

Those elected to serve on the 1976 executive include President Bruce Hood, Social Convener Jenny Galipeau, Playing Chairman Carlos Lopez, Vice-President Don Aikenhead, Secretary Mary Schafer, Treasurer Faye Benham, Publicist Trish Sylvester, Youth Co-ordinator Mike Rigo and Groundskeeper Gerry McBride.

KIT TRACEY and Jeff Smith were among the big winners at Milton Tennis Club's annual meeting and dinner dance Friday. Kit won the ladies' singles and Jeff won the men's singles and mixed doubles. Junior Co-ordinator Mike Rigo and Club President Bruce Hood attended the function as well.

FISH HOOKS

Never attempt to pull a fish hook out of the skin, as the barbed hook will lacerate the flesh. Get to medical aid immediately.

Obituary

J. Kenneth Coulson

J. Kenneth Coulson died Sept. 26 at Milton District Hospital following an illness of two years. He was in his 46th year. The son of the late Leonard and Audrey Coulson, he lived all his life in Lowville.

Last fall he and his wife Enid, nee Corp, celebrated their 25th wedding anniversary. They were married in Milton and have six children and one grandchild, Michelle. Kendra Daniels lives at Proton Station and Leonard, Randy, Brian, David and Heather are at home.

Mr. Coulson is also survived by his brother Dr. Grant Coulson of Whitby and his sister Shirley, Mrs. G. McCay of Burlington.

A member of the Halton Sportsmen's Association, Mr. Coulson was a lover of standardbred horses. He owned horses and raced them on the Ontario and United States circuits.

He attended schools in Lowville and Milton and for 22 years was employed at J. Cooke Concrete Block Co. He was a member of Lowville United Church.

Rev. Wayne Irwin officiated at the funeral Sept. 30 at McKersie Funeral Home in Milton. Mr. Coulson was interred at Lowville Cemetery.

Pallbearers were brothers-in-law Reg Corp and Ken Webb and cousins Bruce, Maurice, Paul and Delmar Coulson.
