**Time:** By appointment only. Call (905) 878-1100

*Call now to schedule your appointment.*

**SEEING IS BELIEVING.**

**THIS EVENT WILL BE HELD THIS WEEK ONLY!**

### COMPLIMENTARY VIDEO EAR INSPECTION

You'll SEE ... exactly what we SEE

We'll look into your ear canal with our New MEDRx Video Ear Camera. You'll watch the TV screen and we'll explain to you what you're seeing. We'll do a complete inspection of your ear canal and your ear drum. If there is any amount of wax blockage you'll know immediately.

### COMPLIMENTARY COMPUTERIZED EAR ANALYSIS

Rear Ear Analysis

First we'll measure your ear's natural acoustics with our computerized real ear equipment. Then we'll screen your hearing. We'll utilize all the results to help determine what type of help you'll need, and if a hearing aid may help. Real ear measurement takes the guesswork out of helping you hear better.

### COMPLIMENTARY VIDEO HEARING AID INSPECTION

Preventative Maintenance Checkup

Earwax in the receiver is still one of the most common reasons a hearing aid doesn't work the way it was designed to. We'll inspect your aid with our video camera. You'll see if there is wax buildup or corrosion accumulating in your aid. Service available for ALL hearing aids regardless of where you bought them.

COMPLIMENTARY CHECKUP and CLEANING of your present hearing aids.

### COMPLIMENTARY VIDEO HEARING AID INSPECTION

Preventative Maintenance Checkup

Hearing Aid Analysis ensures you that your current hearing aid is working at its maximum performance. We'll measure the output of your aid and compare it to the sounds they were designed to produce. We'll help determine if you're hearing and understanding as well as you should be.

COMPLIMENTARY adjustment to maximize your hearing aid performance.

**You asked for small ...  
when Invisa™ is placed in your ear canal ...  
it becomes virtually *INVISIBLE***
