him in my bed and I gave home some milk and cookies. He gave me a present and he put Christmas presents under the Christmas tree. As he went I made a wish. I wished he would come back next year.

Three wishes

If I had one Christmas wish I would wish for two more wishes. Then I would wish for a puppy and if I had another wish I would wish to see Santa and his reindeer. If I had one more wish I would wish for a very nice Christmas and a happy one, too.

Pet hamster

On Christmas Eve I was making a Christmas list for Santa Claus, and if I had one Christmas wish I would wish for a

hamster. Later on I went to see Santa and he showed me his workshop. Santa gave me a tour and I saw Mrs. Claus, Santa's elves and Rudolph, Dasher, Donder, Comet, Prancer, Dancer, Vixen, Cupid and Blitzen. It was getting late and soon we had

to go, so I said goodbye. When I got home I jumped in bed and went to sleep. When I woke up I noticed that my wish came true.

Warm clothes

If I had one Christmas wish I would wish that all the poor had nice warm clothes and houses filled with food.

See a bell

If I had one Christmas wish I would wish to see one of Santa's bells. The last Christmas I got to see one of Santa's bells. I asked for one of the bells and Santa said "Yes."
