the fastest single run of a recent ski meet against Horseshoe Valley.

He also placed second overall with a combined time of 59.49 seconds.

His Milton Heights Hershey Alpine Red Team would fall to their guests however, in a 102-94 decision.

Dustin Titus of Oakville and Burlington's Kyle Behse took sixth and seventh place respectively among the males.

The local squad grabbed three of the top four female spots.

Susie Davis of Oakville, Stephanie Grell of Oakville and Dundas' Kelsey McKnight finished second, third and fourth respectively.

On the road, Cole won at Beaver Valley. The Milton native had a combined time of 88.99 seconds.

Milton's Hodgson meanwhile, placed second at Mansfield with the Mackenzie Silver Team — with a combined time of 64.80 seconds.

Placing two seconds and one spot back was May.

Mackenzie Bronze Team member Michael Wannamaker of Milton took fifth at Cedar Highlands in another recent competition.

One Buck is equal to some silver

David Buck couldn't quite pull off a Hamilton International Games victory recently, but his visit to Copps Coliseum did feature a silver lining.

The W.I. Dick Middle School trackster narrowly missed clearing the 1.48-metre mark in the junior boys high jump — while one of his three remaining opponents snuck his way over the bar and into first-place.

Buck settled for silver and set a new personal record, easily handling the 1.44m challenge three consecutive times.

His next competition is scheduled for February 7 at York University, where he'll represent District 'B' of the Royal Canadian Legion at the Ontario Legion Championships.

Anyone interested in training with Buck and several other high-calibre athletes is asked to phone Bruce Burton at 827-TRAK (8725).

As well, thank you to everyone who donated so generously to this year's campaign and to any company or organization whose name may have been inadvertently omitted.

Top 5 reasons to take Young Drivers in the winter.

Winter is the season a Young Drivers course represents *top value*. You'll learn the secrets of collision avoidance, defensive driving and risk perception under the most challenging conditions you'll ever face.

Lessons that will last a lifetime. Even *save your life*, perhaps many times over.

1. Ice
2. Snow
3. Slush
4. Darkness
5. Freezing Rain

We also have lower-cost winter driving improvement courses for already-licensed drivers. Call now! (It's looking like snow!)
