**The Community Care Access Centre (CCAC OF HALTON)**

The Community Care Access Centre of Halton has recently completed the Request for Proposal process to determine the organizations most qualified to provide approximately 30% of its nursing and homemaking services for the 1998/99 budget year.

John Burkus, Chair of the Board of the Community Care Access Centre of Halton, is pleased to announce that subsequent to this RFP process the Board has approved the awarding of a contract for the provision of homemaking services to Victorian Order of Nurses, Halton Branch and a contract for the provision of nursing services to Olsten Health Services. A key factor in the awarding of these contracts was based on the organization's ability to deliver quality services.

The remaining 70% of nursing and homemaking services will continue to be provided to the CCAC's clients by current service provider organizations that have protected levels of volumes for the 1998/99 budget year.

The implementation of the Request for Proposal process is in keeping with the Ministry of Health's mandate to introduce a process to ensure the purchase of the highest quality of care at the best price. The CCAC looks forward to working closely with these two organizations as well as its current service provider organizations in continuing to provide high quality community based care to the citizens of Halton.
