

Countrywide Town Centre Realty Wins Top Honours

Halton's Fastest Growing Real Estate Firm Credits Staff For Company's Extraordinary Success.

At Countrywide International's annual awards dinner held February 20, Countrywide Town Centre Realty walked away with a record number of accolades including, for the fourth time, the organization's coveted "Most Productive Office" award.

In addition, the company had a record number (23) of individual award winners (up from 16 last year). Allan Bain, President commented "Over the last 10 years we have never waived from our policy of hiring only full-

time career-minded sales people. The continual growth of the company proves that successful people want to be associated with a team of like-minded colleagues."

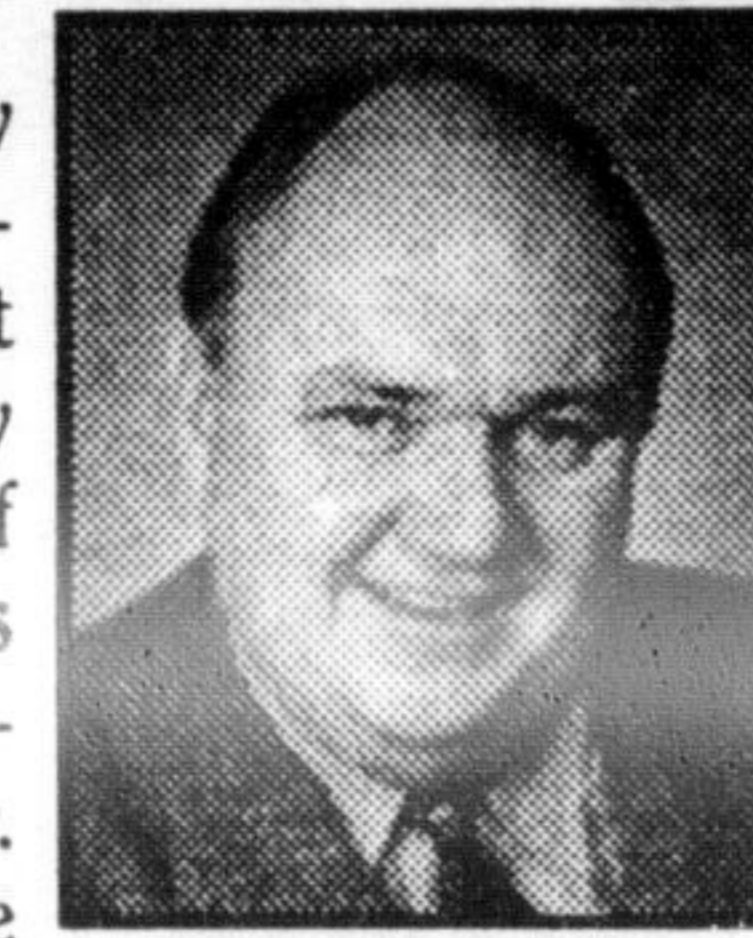

Associate Broker, Dan Cooper is the Number 1 Countrywide Sales Person in Canada for the fifth consecutive year - a remarkable achievement. Stacy Peereboom also was included in the "Top Ten" and is ranked #9. Town Centre has no less than 13 Chairmans Club Members (Countrywide's highest award level) including Ken Forbes,

Catherine Garant, Mary Kelly, Bill Marshall, Gail Moreau, Lynn O'Grady, Jeff Pearcy, Ed Punkris, June Smith, General Manager Doug Rempel and Broker/Owner Allan Bain. "Everyone in the firm is proactively involved in marketing and selling property", says G.M. Doug Rempel "including the management team. We think it makes for a very dynamic organization."

Countrywide Town Centre's goal is to be Halton's pre-eminent full service real estate company. There are three offices to serve the company's ever-growing clientele: the Oakville North office located at the Town Centre I, the Oakville South office located at Centroller Square on Lakeshore Road, and at Carriage Square, Main Street, Milton. The

Milton office recently opened under the management of Vice President Lamont Leone and already has a staff of 6, two of whom have earned sales awards: Joan Tattrie-Hollings and Diane Carway. It is expected that the Milton office will be a highly successful location, specializing in the sale of rural property, village homes and country estates.

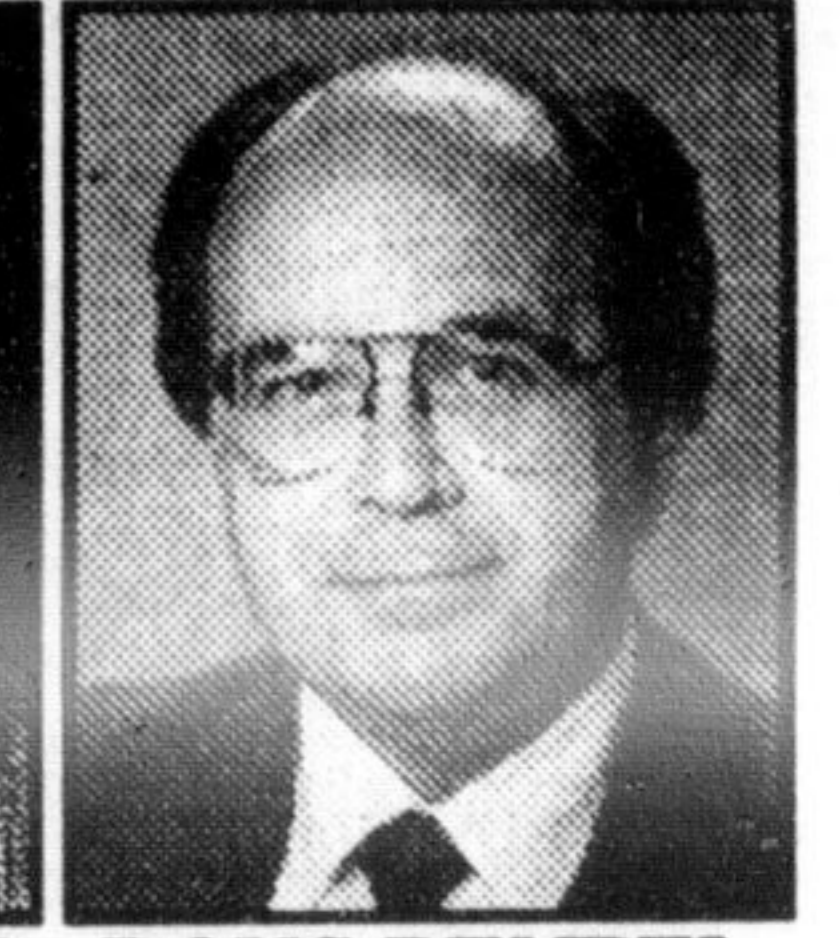

Exceptional sales people, experienced management, outstanding locations, an in-house relocation department, and innovative marketing add up to create a full service real
