The grade 6 students at Holy Rosary wrote to tell us why they love Milton!

Friends...

I like Milton because of the friends. Reed Johnson is my best friend and he lives here. Reed and I go to Merchant games together, it's fun. I've only been to his house once, and that was at his birthday party. We had a jello fight. I sit beside him in class. If he didn't live in Milton it would be the same old boring town like any other.

I love Milton...

I like Milton because of the nice people, people always say hi. They also come about you. When you walk into a store they greet you. I think that is nice.

Milton is a small community so you know about half of the people. Most of the time my dad will stop to talk with one of his buddies. My mom on the other hand hardly knows anybody. That's why I like Milton.

Friends...

My favorite thing about Milton is that my best friend lives here. When I go to Brian's we play basketball in his basement. We always play games on his computer.

Milton...

I like Milton because my best friend Phil lives in it. I go to hockey games with Phil. Phil's hockey coach invites me to some of the hockey practices and I see him there. Phil and I also sit beside each other in class. One time Phil came to one of my birthday parties and we had a jello fight. I like Phil because I can trust him, and he is funny.

I love the Skiing...

Milton is cool because it has a skiing place called Glen Eden. I usually has great snow and I allows snowboarders on the hill. It also has a lot of variety. If you are a beginner it has hills for you and if you are an experienced person they have hills for you. It's really a fun place to go.

Why I like Milton...

One of the reasons I like Milton because of the facilities we have. For example I like the organizations we have such as baseball leagues, hockey, gymnastics and cheerleading.

We are very lucky to have such a wonderful town, with

great clubs and leagues, and lots of fun people!

Milton is my favorite town, why isn't it yours?

Emily
Holy Rosary

Why Milton is good...

I like Milton because it is a community with clean air and little pollution. Some places that are non-polluted are parks and Ski Resorts. My favorite activity is hockey. I hope that Milton will stay like this for years to come, and this is why I like Milton.

I like Milton because...

I like Milton because my family is here. It's nice not having to drive a long way to see my relatives and friends. I do a lot of activities with them because they live so close. This is just one of the reasons why I like Milton.

My friend...

One thing I like about Milton is I have a really special friend. I also have other friends too, but this person is a really good friend. Her name is Brenda. She's 21 years old. She's in my swim team and swims in my lane. She's deaf but I can still talk to her in sign language. Brenda is very nice, and very pretty. She has reddish brown hair and hazel eyes. She teaches me a lot of things. One thing she has taught me is the rest of my alphabet in sign language that I didn't know before.

Brenda can read lips. Even though, if I talked I talked to her normally I didn't like it as much as using sign language. So what I did was push myself harder and harder for 1 or 2 nights and then I learned the whole alphabet in sign language. I am so happy I can talk to her in sign language, it is really fun.

I love this town...

I like Milton because of it's parks and friendly people. Whenever I walk by a person they always greet me with a hello. When I am at the park I see all the different people and animals. I stop to smell the flowers and when I get up I am always followed by some of Milton's wonderful people.
