**DISNEY AWAITS YOU!**

**THE DISNEY EXPERIENCE** is 'wonderful, memorable experience' for any and all - whether it be A FAMILY JUNKET, NEWLYWEDS, ANNIVERSARY CELEBRATION, or any folks looking for a great place to getaway! Their newest theme park, their fourth, 'ANIMAL KINGDOM', covers some 500 acres and is described as 'entirely different' from the others. It is definitely a must-see for all - 1,000 different animals representing 200 different species for example, and has five different lands to discover - The Oasis; Africa; Camp Minnie-Mickey; DinoLand USA; Safari Village, and Asia - sounds inviting for all! The good part is it is only a short two hour flight to Orlando and there are good packages available with bargains for you.

**FLORIDA IS GOOD VALUE** for you, even with our Canadian Currency against the strong US buck, as prices to visit there have not increased a great deal in many years, and meals especially are very economical. Sometimes referred to as 'the Province down South' due to so many Canadians making their way there year after year - there were over 47 million total visitors to the state in 1997! including the many 'Canucks'. Golfing, Disney, the beaches, fishing, eco-tours - much to see and do in the friendly State of Florida - a home away from home for many Canadians!

**HERE'S A CRUISE FOR YOU - HOLLAND AMERICA'S ROTTERDAM** will sail a 98 day 'GRAND WORLD VOYAGE' next year, taking people to 37 ports! You will depart from Los Angeles on January 20, with visits in New Zealand, Australia, China, Jerusalem, for example, and end up in New York on April 28th - wow! Singles are welcome and there are theme parties, and formal balls on board, plus many suites offering concierge service, and on and on - the list intro price is US \$22,796. - another wow! Just a sample, but there are other cruises starting at less than a \$1,000.!

???

**DID YOU KNOW DEPT., CANADA'S BAY OF FUNDY** has the highest tides in the world - a fascinating sight; quite a feeling to sail there - while you are sailing forward, you are moving backwards with the severe changes!
