## Non-Catholics in, no questions

Non-Catholic high school students can now enroll in Halton's Catholic high schools, if they choose.

Trustees on the separate board have revised admission policies, as a result of provincial government changes guaranteeing open access to Ontario's high schools.

Under the new regulations, superintendent Lou

Piovesan told trustees recently, the board has an obligation to educate all Ontario students who wish to attend a Catholic high school, regardless of their religion.

The board still has the right to control admissions at the elementary level, where criteria such as religious

IN THE MATTER OF THE ONTARIO HERITAGE ACT, R.S.O.

1990, c.O. 18 AND IN THE MATTER OF the lands and premises at the following municipal address in the Province of Ontario.

### NOTICE OF INTENTION TO DESIGNATE

TAKE NOTICE THAT THE Council of the Corporation of the Town of Milton intends to designate the exterior of the building only at the following municipal address as a building of historical and architectural significance under Part IV of the Ontario Heritage Act, R.S.O. 1990, c.O. 18.

**Municipal Address:** Ebenezer United Church  
12274 Guelph Line, Milton  
(Part of Lot 22, Concession 3,  
(Nassagaweya) Town of Milton)

### REASONS FOR THE PROPOSED DESIGNATION:

The current building, which was constructed in 1915, is a single story cruciform building of red stretcher brick with three bays. The building has a high gable roof with a cross gable, towers to the front and rear with decorative brickwork. The building contains semi-circular and circular stained glass windows, stone voussoirs and moulded lug sills and moulded trim. The building is accessed through two semi-circular double doors with stone voussoirs, moulded trim and a multiple-light transom. The building contains two cornerstones dated 1847 and 1915.

Not only is the building important from an architectural standpoint, the property has tremendous historic value and interest. Religious worship has occurred on this site since 1823, which coincides with early Nassagaweya settlement. This building is the third to be constructed on the site. The first was of log construction, the second of shiplap wood construction.

DATED AT MILTON this 7th day of July, 1998.
