

CHUDLEIGH

Halton North Work Update

Are You a Business Owner or Operator?

As of June 1998, more than 376,000 net new jobs have been created in Ontario since the last election in 1995—the fastest growing job creation rate in Canada!

Although governments play a major role by helping to create a positive environment for economic growth, the most important factor is people—the hard work of employees, the good management of employers, and the courage and vision of entrepreneurs.

This hard work, dedication, and vision has paid off for a number of Halton Region businesses, including Rubicon, Matthew Steel, Johnson Controls, and Gordon Foods. All of these businesses have recently expanded their job forces.

I wish to recognize and celebrate our growing business community and want to enlist your help in doing so. If your business is planning an expansion, is hiring more staff, or is launching a new product,

please let me know. Whether you are hiring 1 new employee, or 1000, I want to hear your success story, and assist you in spreading this good news by publicly supporting and recognizing your company's achievements.

Please send your information to my constituency office in Milton.

Thank you for your help, and congratulations on your success!

Ted Chudleigh recently presented Deputy Chief of Police Ian Agar of the Halton Regional Police Force with \$24,000 to cover overtime costs of the R.I.D.E. program. This was part of the government's \$1.2 million grant funding for R.I.D.E. programs across Ontario. Joining Mr. Chudleigh are MPP Terence Young, Milton Mayor Gord Krantz and MPP Gary Carr.

Ted-Bits *Were you aware that...?*

- Halton has the lowest crime rate per capita of any centre in Canada with a population over 100,000.
- \$300,000 has been assigned to Hamilton Psychiatric Hospital to create an Assertive Community Treatment Team (ACTT) in Halton to provide services to those who suffer from mental illness.
- Milton District Hospital and Georgetown District Memorial Hospital will receive \$165,200 and \$126,800, respectively, in Growth Funding in 1998.
- Ted Chudleigh is a member of the "Gas-Busters" team, a group of MPPs looking at ways to deal with citizen concerns about fluctuating gasoline prices.
- Ontario's unemployment rate is at 7.1%.
- Halton Regional Police recently received \$24,000 to cover the overtime cost of the R.I.D.E. program, which works to keep intoxicated drivers off the streets.
- As a "growth region", Halton is benefiting from the new health funding formula with an additional \$3.69 million for health care services in 1998.
- According to an Ernst & Young/Angus Reid poll, an outstanding 66% of Ontarians believe that Ontario is now a better place to do business than five years ago.
