Grade "A" News at MDHS
 By Jacqueline Bass and Marissa Cheskey

The long weekend was not only a special weekend because of the Thanksgiving holiday but it was also special here at Milton District High School. Former students from the graduating classes of 1971 to 1975 celebrated their twenty-fifth reunion. The reunion was held on Saturday, October 10 in the cafeteria at MDHS. It was very successful and there was quite a big turnout of people. "It was nice to see people that I hadn't seen since high school" says a former MDHS student, "It's just too bad everyone couldn't have come."

Speaking of graduating classes, we know that some of you senior students are probably stressing out about your futures. With all the decisions ahead of you it can be a pretty hectic time. However, here at Milton District we are provided with a great university and college speaker program. This program consists of many sessions of university/college speakers spread over a couple of months. Students are invited to attend these sessions during various periods of the day. This means that students who have signed up will be attending their chosen sessions rather than their regularly scheduled classes. How much better could it get? All you have to do is sign up in the guidance office. The upcoming presentations taking place are for the universities of Ottawa, Carlton and McMaster. The dates and times of these sessions are October 23 at 9:00 am, October 27 at 1:00 pm and October 28 at 9:00 am respectively.

Last, but not least, we are very happy to say that the teachers will be in attendance and presenting awards at the upcoming Commencement ceremony. It is to take place on October 30, 1998 at 7:30 pm. The reception at the Optimist Centre, which is being arranged by parents and friends, will take place as planned. Students and staff at MDHS are grateful to parents, friends, prefects and members of the Community Council for their continued assistance with the reception, organization, decorations, marshaling and much more. It is thanks to all of these people that Milton District will be able to put on a great ceremony for the graduating students!

Why do other driving courses say they're just like Young Drivers?

Maybe it's because Young Drivers has *thirty years* of experience teaching collision avoidance. And over *half a million graduates*, coast to coast. And *more than a million dollars* invested in driver training research, plus *another million* invested in annual recertification programs for our instructors over the past 10 years. And has achieved Registration to the coveted *ISO 9001 Quality Assurance Management Standard*. No matter *what* they say, no one else is *anything* like Young Drivers!
