

Cyndy Richards Jamieson

She re-invents herself at milestone in her life

By IRENE GENTLE
Special to the Champion

Some people have a mid-life crisis with their 40th birthday just around the bend. Others start up a whole new life.

That was the route taken by Cyndy Richards Jamieson, who celebrated her 40th birthday by transforming herself into the recording artist Cyn D. Today she is all set to launch her debut CD, *Just Around The Corner*.

Her first life began when Ms Richards wed at the tender age of 19. The all-but

child bride kicked off the marriage by having a child barely a year later. Four others followed in rapid succession.

"They all came quite fast and furious,"

Mohawk Raceway. Guelph Line, North of the 401, Campbellville.

BUMPER CROP OF STANDARDBREDS. COME PICK THEM.

The Canadian Breeders Championship

Saturday, October 24th. Post time 7:30 pm.

There's a little something for every Standardbred fan at Mohawk this season.

With 8 races and \$670,000 in purses, you can watch your favourite 2 and 3 year old fillies and colts pace and trot their way to victory.

Improvements? Loads. A new traprock surface, longer final stretch, wider turns and room for 10 horses should make for great finishes.

'Tis the season to pick and choose the winners, so come to Mohawk and see what you can gather.

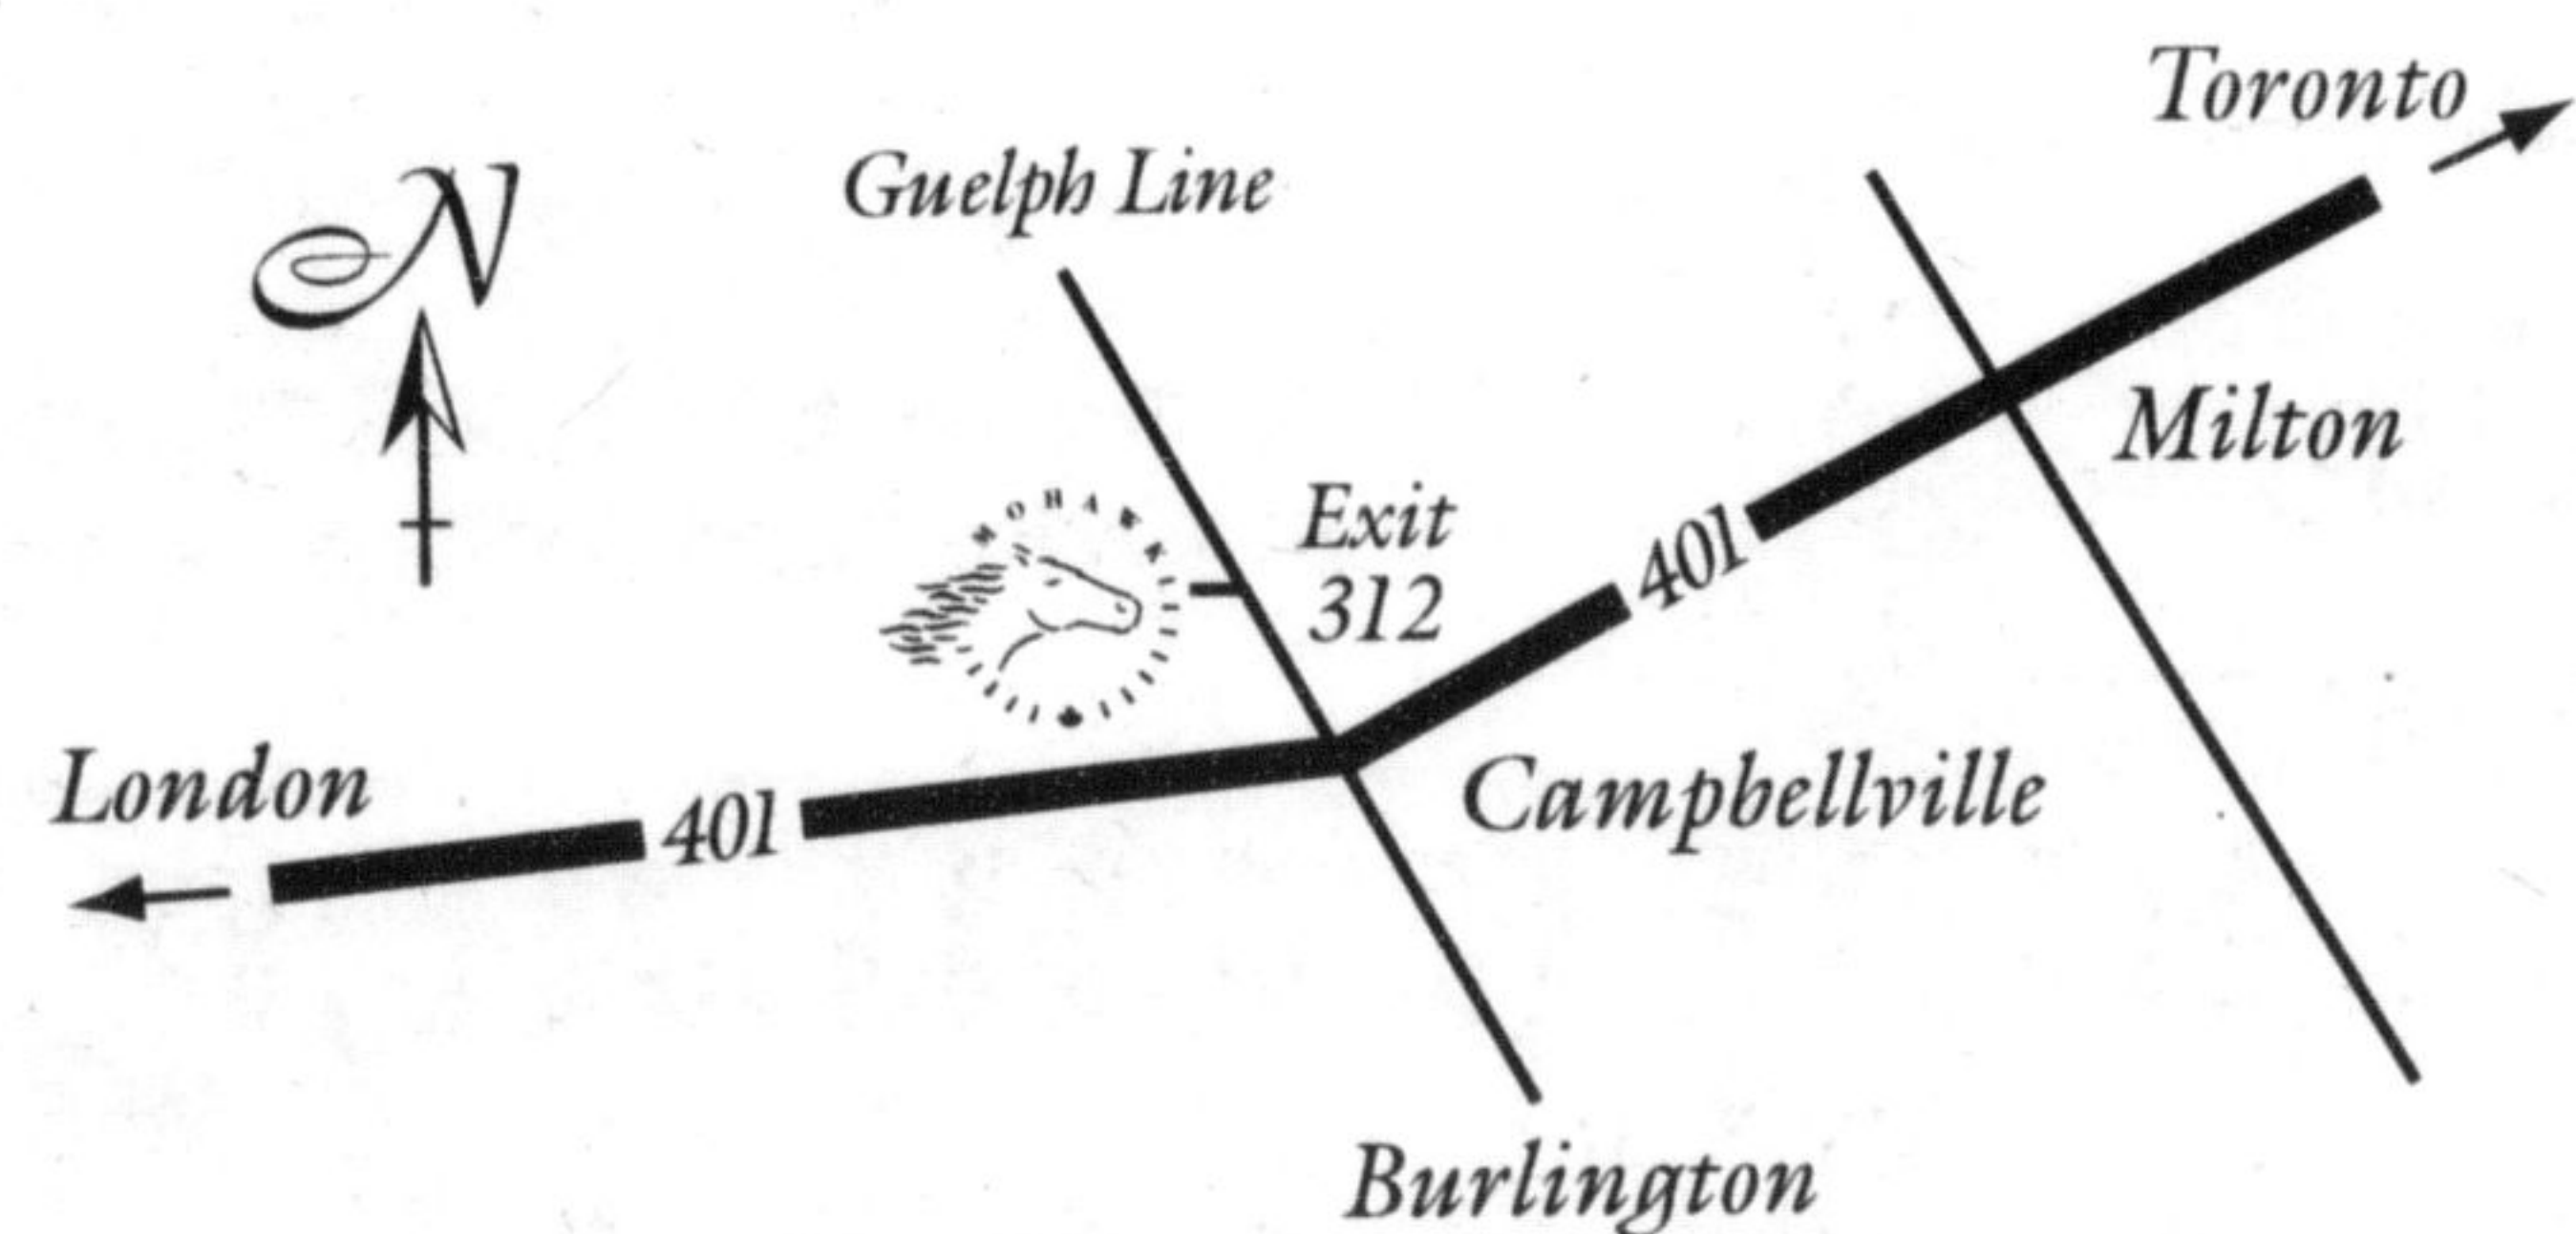

FAIR YE WELL.

Bring the whole family to the Mohawk Fall Fair, October 23rd and 24th.

Experience over 40 events with crafts and entertainment for you and your little pumpkins.

Try the home baked goods, visit the petting zoo or satisfy your sweet tooth at the Kandy Korner.

There's so much to do, we had to make it a two-day affair.

Art tour is on next weekend

It's primarily painting, but other crafts will be featured as well during the Fine Arts Society of Milton's first annual studio tour the weekend of October 24-25.

"Most people do not realize how many accomplished artists live in the area," noted tour coordinator Anne Elliot. "Just in time for Christmas shopping and browsing, a total of 12 locations will be selling hand-crafted items.

"Although most of the society members are primarily painters, this tour includes pottery, sculpture, carving, photography, stained glass and other crafts," Ms Elliot noted. "Many artists are multi-talented and will be selling more than one original craft."

There is no admission charge for the tour, and visitors may take in the various sites in any order. Most of the studios are west of urban Milton and south of Highway 401. Although some artists have spacious studios, others don't and are displaying their work in a location shared with colleagues, such as Campbellville's Mohawk Inn.

The tour runs from 10 a.m. through 5 p.m. Saturday and from noon through 5 p.m. Sunday. Tour guide texts are available at the following urban Milton locations: The Leisure Centre, Tourist Information Centre, Seniors Centre, the Milton Public Library, Szechuan Wok restaurant, Unique Frame and Art, Trattoria Domenico, the Harrop restaurant.

In the rural area, they are at the Mohawk Inn, Ice House restaurant, Country Laine Cafe and Tea Room, Lowville General Store and Garden Gallery. For more information, call tour coordinator Anne Elliot at 876-3377.
