

Milton's Tiger Ali Singh has been getting a bigger push in the World Wrestling Federation (WWF) recently.

Shuffling off to Buffalo waters down this card

By **STEVE LeBLANC**
The Champion

Tiger Ali Singh's performance at Sky Dome Saturday afternoon lasted only slightly longer than his entrance to the ring.

That's because World Wrestling Federation (WWF) promoters overextended themselves creatively this past weekend, booking four shows in two days.

As a result, the 27-year-old Miltonian and other preliminary bout grapplers were unable to fully showcase their talents — appearing eager to get themselves to Buffalo

for an evening card.

Tiger (whose real name is Mick Hans) enjoyed fairly decent fan reaction, although his match with Al Snow was mediocre at best and over inside six minutes.

In the end the baby face turned heel reversed a diving pin attempt to score the victory. Tiger is now

Stingy midgets offer opponents few chances

The edges are beginning to sharpen on the AA midgets' defensive efforts.

A strong indication of this came in a 1-0 victory over the Burlington Eagles last week. The Spectrum Airways sponsored crew allowed just 11 shots en route to their first shutout of the season.

Kris Beal provided the heroics as he popped in the game-winner with under two minutes remaining. The goal was delivered on a fierce drive to the net.

Rearguards Bryan Gent, Jeremy Robert and Chad Merritt worked an effective trap in front of goalkeeper Trevor Saliba.

"They're starting to get use to my defensive style," said Winterhawks' bench boss Glynn Hancott, whose team was 7-4 prior to last night's home game against Woolwich.

The win was payback for a 2-1 defeat by the Eagles October 26, during which Milton had three times as many scoring opportunities but still came up short.

Their lone tally came from Merritt early in the third.

The Winterhawks have shown a little more potency up front in other recent games, scoring 5-2 and 3-1 decisions over Fergus and Woolwich respectively.

Lead erased

Milton's AA minor bantams stumbled down the stretch Wednesday at Memorial Arena.

They surrendered a pair of goals in the final frame and had to settle for a 2-2 tie with Hespeler — for their first stalemate this year.

Kyle Burrell sank both goals for the

Rep Hockey

Hawks.

He connected on a two-on-one rush with Paul Szafer and later intercepted a clearing pass before firing an unassisted marker.

Turning in a solid performance between the pipes was Jason Strong.

The Centricut sponsored crew, who opened the season with a six-game win streak, is now 8-1-1.

Their next home game is at Memorial tomorrow when Woolwich visits. Game time is 7 p.m.

Blown chances

The AA major bantams' powerplay suffered a power outage last week. As a result, no comeback bid was offered against the Georgetown Raiders who doubled them 4-2.

Milton fizzled with the man-advantage, particularly in the dying minutes of play when their opponents had two men in the penalty box and they pulled the goalie for a six-on-three situation.

A blatant refusal to use the point factored heavily in their inability to bury the biscuit.

Scoring at even strength for the Winterhawks were Andrew Kirkland and John Taylor.

Trevor Martin and Ricky Nadalin drew the assists.
