### Nominees wanted for conservation

If you have a friend or neighbour who cares about conservation or has done a good deed for the environment, Conservation Halton wanted to know about it.

Since 1982, the organization has formally recognized individuals and groups who have made an outstanding contribution to conservation in the Halton watershed.

Nominees can include such groups as teacher associations and federations, scout and guide organizations, naturalist clubs, corporations, government agencies and private landowners.

There are three categories in the awards program, including individual, institutional and educational.

Nominations for the conservation award can be submitted up to February 26. For more information and nomination forms, call Conservation Halton at 336-1158.

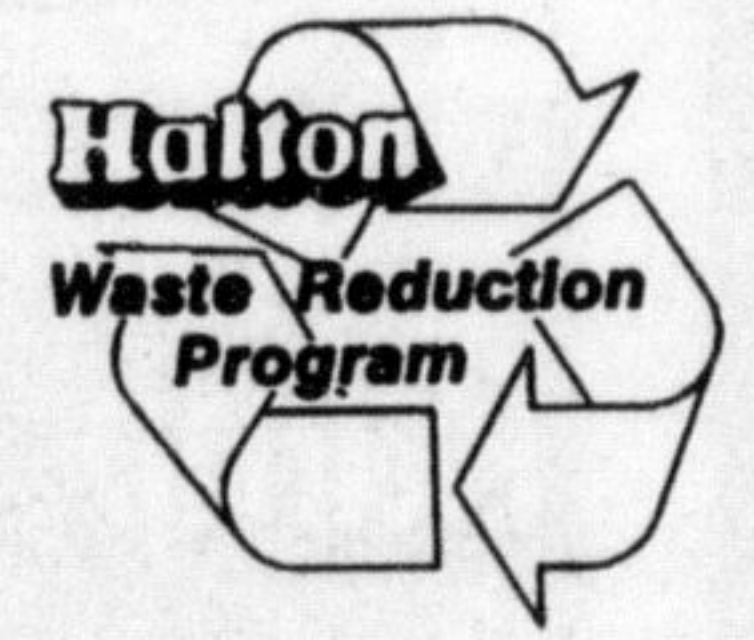

### There's One Last Thing To Unwrap.

When you place your tree at the curb, please remove your tree bag, tinsel, wires, nails, decorations and tree stands. It makes them difficult to recycle if you don't. We'll take those trees and turn them into wood chips or compost as long as they are accessible for collection (i.e. please make sure that trees are out by 7:30 a.m. and that they do not freeze to the snow).

*In Milton, Christmas tree collection will take place on Friday, January 22.*
