

Seniors warned to watch out for apartment purse thieves

Police are warning local senior citizens who live in apartment complexes to watch out for purse-snatching thieves.

Two residents of the seniors' building at 40 Ontario St. were victimized last Friday by culprits preying on the elderly.

Purses were stolen from two unlocked apartments while the residents were home, Halton Regional Police said.

Police Blotter

One of the handbags was found in the hallway with cash missing from the wallet.

The incidents, similar to those recently reported elsewhere in the region, are featured in today's Crime
