# Drug busts and break-ins

## Police Blotter

### Break-in spree

Three break-ins were reported between May 18 and 19, according to police.

Two occurred at the Derry Road medical building across from Milton District Hospital overnight on May 18 when computer equipment and cash was stolen from a couple of offices.

Entry was gained by prying open doors.

Home entertainment equipment valued between \$6,000 and \$7,000 was stolen from a MacLaren Road residence in Campbellville on the afternoon of May 19.

A neighbour, believing the suspects were from a repair company, watched as the goods were stolen.

### Cocaine seized

Police arrested a 38-year-old Weston woman after finding about 2.6 grams of crack cocaine after stopping a 1988 Pontiac early Sunday.

The incident occurred around 2:15 a.m. at the corner of Martin Street and Woodward Avenue.

The woman is charged with possession of a controlled substance for the purposes of trafficking.

## Steroid robber wielded sledge

A business in Milton was hit by thieves looking for steroids a couple of weeks ago, and Crime Stoppers wants to know who was involved.

Just before midnight, Sunday, May 9, a sledgehammer was used to break the glass from the door to Univet Pharmaceuticals on Steeles Avenue near Bronte Street.

Once inside, interior doors and a safe were bashed with the same tool. Eventually, the suspect located some steroids and made good his escape before patrol units could respond.

It's estimated that more than \$23,000 worth of steroids were taken.

If you happened to be in the area that night and noticed something that might solve the case, or if you can suggest a possible suspect for police to investigate, Crime Stoppers wants to hear from you.

If you have any information that leads to an arrest in this or any other case, you may be eligible for a cash reward of up to \$1,000.

## Crime Stoppers OF HALTON

You need not give your name and your information can be taken with complete anonymity.

Crime Stoppers does not subscribe to call display. Call 1-800-222-TIPS or 825-TIPS.

Crime Stoppers of Halton is operated by a board of directors made up of 18 civilians from all areas of the region. The reward fund results from the financial support of business, industry, service clubs and private citizens.

The board of directors raises the money, decides on the amount of rewards and actually pays the rewards.

Crime Stoppers is incorporated as a charitable organization and donations to the reward fund are tax deductible.

## Police are welcoming children on Special day

By HOWARD MOZEL  
 Special to The Champion

Halton Regional Police are extending an open invitation to the Fifth Special Friends Day at Appleby College.

The event — which takes place Sunday, June 13 from 10 a.m. to 3 p.m. — provides a free opportunity for developmentally and physically challenged individuals and their families to enjoy a day of non-competitive activities with police, fire and ambulance personnel.

Participants also get a close up look at emergency equipment and training simulations.

All members of the community are welcome. Admittance is free and refreshments will be available at modest cost.

According to Staff Sgt. Peter Hodgson, activities include horse and carriage rides, magic shows, a dunk tank, mini golf, baseball, basketball and a chance to sit in an OPP helicopter.

Featured entertainers include Oakville's Suzanne Brown and Roseanna Gautreau, the Halton Police Pipe Band and the Police Colour Guard.

There will also be displays by the Halton Police Tactical and Rescue Unit, the Canadian Armed Forces, the Oakville Fire Department and Ambulance Services.

Although there are no age restrictions, most of the participants are young people.

### PREQUALIFICATIONS OF CONTRACTORS

### LOWER BASE LINE RECONSTRUCTION

99-117A-PQ-918-42

The Town of Milton is preparing tender documents for the installation of erosion protection in the Sixteen Mile Creek and the reconstruction of the abutting Lower Base Line as part of the Town of Milton Capital Works program. It is anticipated that this work will begin in the summer of 1999 and completed by the fall.

The work as part of this prequalification will include:

- Reconstruction and rehabilitation of the creek including bioengineering;
- Armourstone work;
- Road Reconstruction

The Town of Milton is preparing a list of contractors who are prequalified to work on the installation of large scale creek protection, bioengineering and road reconstruction on Lower Base Line Road.

An exclusive list of prequalified contractors will be available to all bidders for inclusion as sub-consultants and must be used for all parts of the work. Prequalified

contractors will have experience in the installation of large scale erosion protection works, bioengineering planting and will have successfully completed projects for public agencies.

Interested contractors should submit a maximum two page summary of their general experience with projects in the \$100,000 to \$500,000 range with at least three examples of projects with names and phone numbers of clients or consultants with direct knowledge of these projects.

This project is carried out for the Town of Milton by: Totten Sims Hubicki Associates

With the Bioengineering design being completed by: Harrington and Hoyle Limited, Landscape Architects.

Any questions should be directed to Mr. Phillip Antoniow, C.E.T.  
 Phone (905) 878-7211 - ext. 161
