

# Under 17 girls earn three straight shutouts

Perfection personified. Milton's Under 17 girls soccer squad was just that recently during initial playdowns for the Ontario Cup.

The Magic whitewashed their round robin rivals — recording three straight shutout victories and advancing to the single eliminations.

Between the pipes for each and every preliminary contest was Jodie Sales, who's steered the local ladies to league cup championship appearances the past two seasons.

The team began the weekend showcase by blanking Lincoln BSG 5-0. Laurie Hinks stood tall with a hat-trick while Tina Neal and Jenn Garthson deposited singles.

Up next were the Whitby Drillers — who also buckled under the pressure of a well-balanced attack and fell 6-0.

Leading the way with three goals was Jennifer Capron while Holly Webster tallied twice. Milton's other sharpshooter was Vanessa Bouskill.

Milton enjoyed a fierce finish to their division challenge — despite playing through a storm — in pounding the Sarnia Spirit 5-0.

Garthson potted a pair of goals to anchor the onslaught.

Adding one piece were Bouskill, Hinks and Laura Bosch.

The Magic, who're also still alive in the league cup scene, now await word on whom they'll face in the playoffs.

### Movin' on up

Graduating to full rep status hasn't done much to hinder the Milton Under 15 girls' winning ways this season.

The former select squad boasts a regular season record of 4-2-2 and engineered a shutout victory against Waterloo Thursday in round one league cup action.

Recording the goose egg, her fourth in South Region Soccer League Premier Division play, was Davida Denich. She was rock solid throughout the

evening tilt and stopped quite a few quality corner kicks.

The Sargent Farms sponsored team's game winner came at the midway mark of the opening half when Erin Greenfield connected on a point-blank blast.

Setting her up was Amy DiPalma, who would then deliver one of her thunderous throw-ins and assist on a second half insurance marker by Stephanie Freeze.

Milton — who're undefeated in their last three outings —

was especially effective at neutralizing their rivals' potent passing game, making numerous interceptions and thus dictating the flow of the game.

Standout performances were given by midfielders Meighan McIntyre and Cassandra Warner as well as central defender Ashley Grant.

### Key win for boys

Milton's Under 10 boys soccer team lifted themselves over the .500 mark last week, nipping competitive rival Caledon

2-1 at Lions Sport Park.

The Contour Landscaping/GreyOaks Capital sponsored club — embroiled in a tight race for third in South Region Soccer League's Second Division — outshone their guests through much of the contest.

The lone goal against them came in the dying moments of play, when the outcome was all but officially decided.

Kevin Marshall delivered the eventual game-winning tally on an impressive deke and corner

kick. Another superb solo effort saw Nic Horbasz bury his own rebound for the initial marker.

Backstopping Milton in topflight fashion, particularly down the stretch when he turned back an authoritative indirect kick, was Luc Hartwick.

The Magic now sport a 5-4-1 record. The majority of their wins have come against the league leaders while somehow the lower echelon teams have given them more trouble.

## Pat Lynch dials it in for Hagerstown

Pat Lynch's ERA is falling fast while his team's chances of a regular season sweep are on the rise.

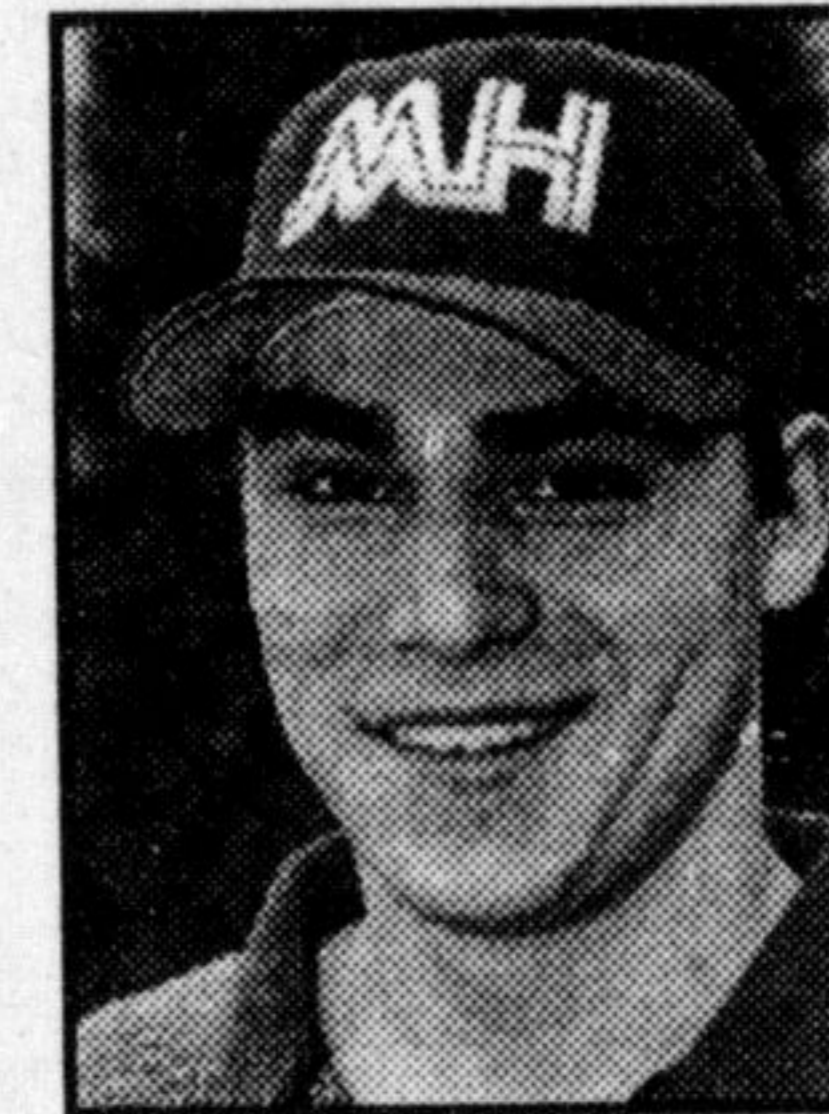

The Milton pitcher has surrendered just a couple of earned runs in each of his last two appearances — both of which lasted a minimum of six innings.

Last Tuesday, Lynch's most recent outing, saw the right-handed hurler toss a four-hitter in leading the single A Hagerstown Suns to an 11-3 rout of

Piedmont.

The win was his seventh of the season.

Before that he gave up six hits against Charlestown. His solid efforts weren't supported offensively and he took a 2-1 loss —

Pat Lynch

number four this year.

Lynch now sports a 4.05 ERA with 83 strikeouts and only 16 walks over 95 innings.

Hagerstown won the first half of the season but struggled a little through the early going of the second half.

They have recently regained their momentum and currently sit only two games back of league front-runners Cape Fear.

## Do or die for Mavericks

• from BRINK on page 21

early in the second and let them back in it," said Mavericks GM Dave Decaire, whose team (starting last night) has the daunting task of winning three straight games, including two on the road.

"You can't give these guys the momentum, they'll just keep on going."

In St. Catharines Thursday, Milton exhibited all the signs of a team that had not played for a significant period of time — and dropped the series opener 13-4.

Having been off for eight days after beating Wallaceburg, the club was noticeably rusty and just couldn't find the net.

The four goals represented their lowest offensive output of the year.

Remarked Leworthy, "It was just bad from the net out. They (Spartan) had the momentum and beat us man to man."

The Mavericks — who made far fewer

trips to the sin bin in game one — were led offensively by Kyle Imrie, who scored twice.

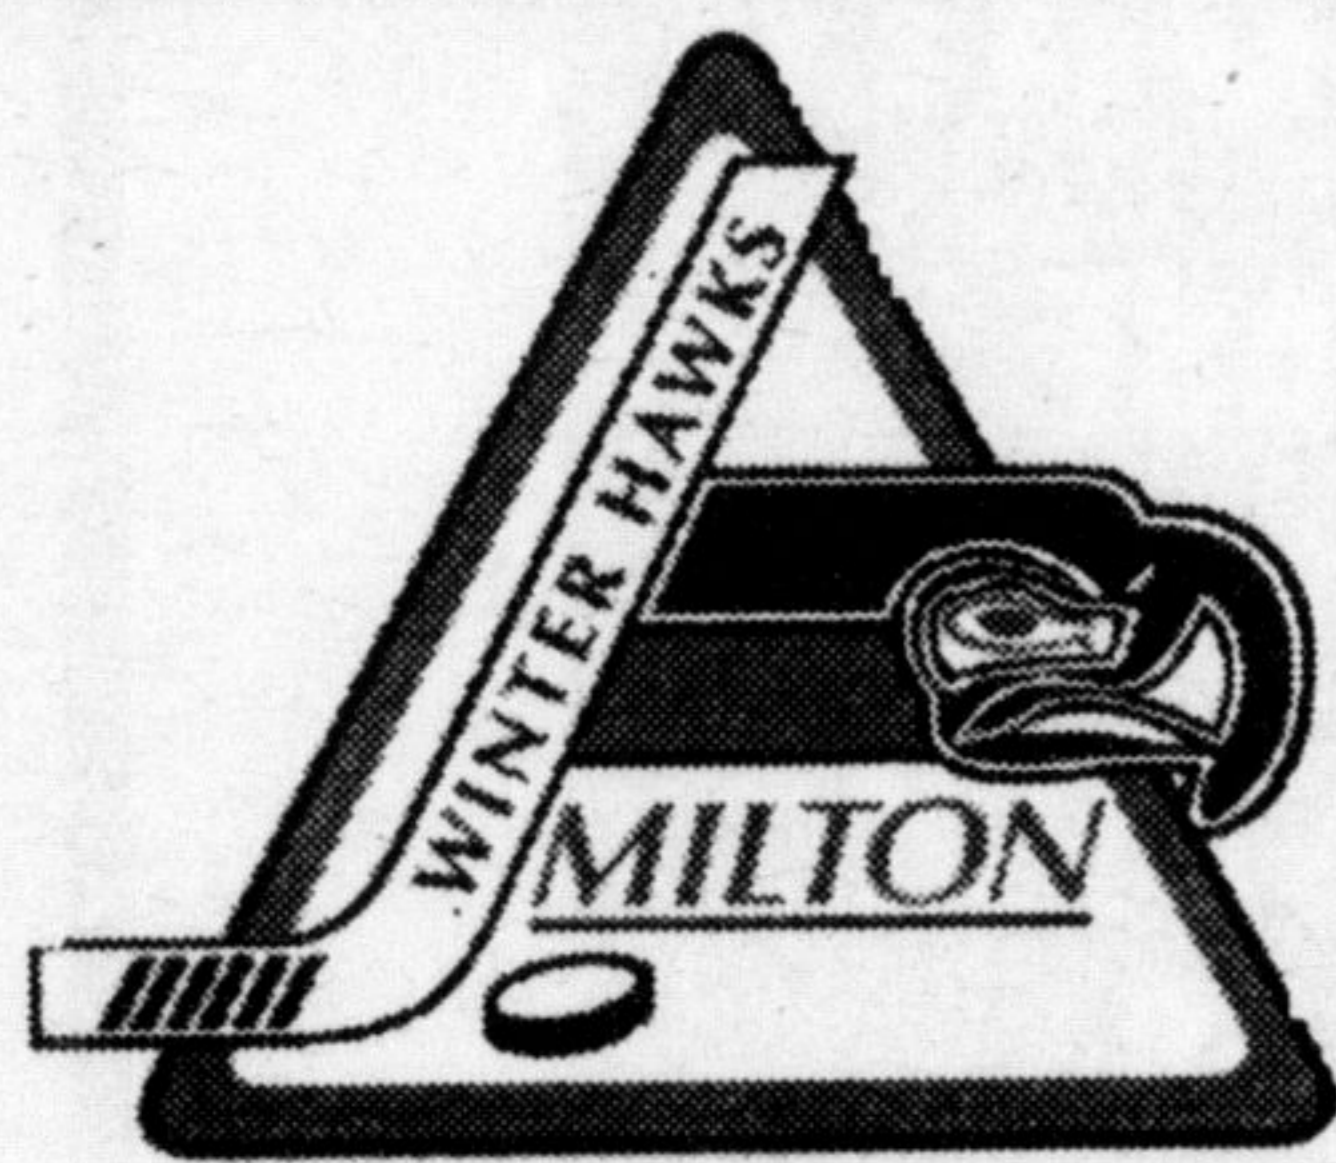

Adding singles were Graham Darling and Matt Jackson.

Spartan's balanced attack was even more evident during the series opener with only one multiple scorer on the night.

If successful at staving off elimination last night, the Mavs and Warriors will return to town tonight for game four at 8 p.m.

If necessary, a fifth and deciding game will be played in St. Catharines Thursday.

**Maverick notes:** Orangeville Northmen's Steve Jennings joined the local club last week and will be with them through the remainder of the season ... Kaegen Sherriff and Darryl Brown looked good in limited duty during game two.
