Halton Healthcare Services Celebrates 1st Anniversary

On August 1, 1999 Halton Healthcare Services officially celebrates its 1st anniversary. The MDH/OTMH amalgamation has been one of the most successful in the province. We have seen many "firsts" in the past year as a new organization and there are many exciting "happenings" on the horizon. As we continue to grow and learn about each other there is no doubt that together we have a stronger and brighter future. The teamwork, co-operation and true professional spirit demonstrated by the staff, physicians and volunteers at both of our hospital sites contribute to our success and is to be commended.

Thank You!

Hats off to Milton resident Herman Poland. Mr. Poland took a moment of his time in July to stop by the MDH Emergency Department and weed the large garden beds outside the department. On behalf of the patients and staff at MDH we'd like to thank him for being so thoughtful and improving the view!

Call Us!

The telephone system at MDH now includes "direct dial" numbers and voice mail. This means that in addition to using the main hospital telephone number, you can also call some hospital departments directly! Another advantage to the new telephone system is that you can call the MDH switchboard and be transferred to any of the departments at the Oakville hospital site.
